1	PROCEEDINGS
2	MAYOR BELL: The session has commenced. The
3	time now is 9:39, and the estimate length of the
4	session is 30 minutes.
5	MR. GERKEN: 30 minutes. I'm always wrong
6	with these, though, so 30 minutes to an hour.
7	MAYOR BELL: As far as roll call, the names of
8	the people that are going to be in attendance are,
9	Mayor Chris Bell. Vice-Mayor Al Goldberg is not
10	going to be here. Commissioner Chris Cheshire,
11	Commissioner John Gunter, Commissioner Sharon
12	Kelly, our city attorney, Scott Gerkin, attorney
13	Greg Stewart, our interim city manager, Rick
14	Conner, our certified court reporter, Susan Dow
15	from First Choice Reporting, who will record the
16	time and termination of the session, all
17	discussions and proceedings that occur, and the
18	names of all persons present at any time during the
19	session, and the names of all persons speaking.
20	That's quite the speech there. Thank you, sir.
21	And with that, we'll turn it over to our
22	attorney.
23	MR. CONNER: Scott, are we, in some way,
24	supposed to keep minutes?
25	MR. GERKEN: The court reporter keeps the

He's20met opposing counsel, and he's had an opportunity21to appear in at least one hearing in front of Judge22Takac and get some feedback from all of that.23Based on that, he is here tonight to give you24his impression of the case and his recommendations25moving forward, and also to get feedback from you,		Page 4

1	answer your questions and go from there.
2	MR. CONNER: Scott, while he's coming up,
3	something that I had forgotten, that I think is
4	always helpful to remind the commission of is, even
5	though it's a closed session, at some point, it
6	becomes open session.
7	So if you say something, you might want to
8	remember that
9	MR. GUNTER: You said it.
10	MR. GERKEN: Or somebody will remind you
11	someday, yes, everything you said. The reason the
12	court reporter is here this evening is to take down
13	a verbatim transcript that will be transcribed soon
14	after this, sealed, delivered and the clerk keeps
15	that. It remains sealed until the conclusion of
16	the litigation, but thereafter, it will be
17	revealed.
18	We have already had requests to get those
19	transcripts as soon as it is open, so I'm sure they
20	will be read at that point.
21	So it's one of those classic your words will
22	be held against you, but outside of that, you're
23	obviously able to speak openly with your attorney
24	to get input for purposes of litigation at this
25	point.

	Page 6
1	I'm glad you reminded them, because sometimes
2	you forget that this will all be made public. Not
3	that you'd say anything you wouldn't want to hear
4	anyway.
5	Greg, without any further adieu, I'll let him
6	go forward.
7	As I bring him up here, the class has been
8	certified previously. The plaintiff had actually
9	filed a petition for summary judgment, and I think
10	as you all are aware, you have some depositions
11	coming up in February.
12	So with that intro, as far as where we are,
13	I'll let Greg take the case.
14	COMMISSIONER KELLY: I have one question.
15	MR. GERKEN: Yes.
16	COMMISSIONER KELLY: Is he the attorney for
17	the insurance company or for us?
18	MR. GERKEN: No, the City of Fruitland Park is
19	paying Mr. Stewart. There's no insurance company
20	involved anymore.
21	COMMISSIONER KELLY: Very good.
22	MR. GERKEN: All right. Thank you.
23	MR. STEWART: Thank you, Scott.
24	Mr. Mayor, members of the commission, as
25	indicated, my name is Greg Stewart with the law

Page 7 1 firm of Nabors, Giblin and Nickerson, and I'm from 2 the Tallahassee office of Nabors, Giblin. 3 Just so you have a very brief understanding of 4 who we are, our firm only represents governmental 5 entities, and we represent Florida Association of Counties, we're special counsel to them. 6 7 We've represented, perhaps, every county in the State of Florida on one matter or another. 8 9 We represent numerous municipalities, and this 10 is what we do. We specialize in governmental 11 representation. 12 As Scott indicated, the posture of the case is 13 is that the class has been certified, the notices 14 have gone out, and the way that will work is that 15 the individuals have a right to opt out of the 16 case. 17 If they don't do anything, they are in the 18 class, and they will be bound by whatever the judge 19 does in this case. And the time period, I believe, 20 for the final ballots or opt outs to come in, I 21 think, is a couple of months. They've extended a 22 little bit. 23 Now, there is a Motion for Summary Judgment 24 that has been filed, and what that is, is that the 25 plaintiffs have said there's no facts in dispute,

	Page 8
1	and the facts clearly establish that the fees, the
2	fire fee and the police fee, are invalid, and that
3	is set for a hearing in March before Judge Takac.
4	Now, prior to that, obviously, your
5	depositions are being set, and before that, we'll
6	meet with you, we'll help prepare you for that
7	deposition and just give you what we anticipate you
8	might be asked about, but your depositions will be
9	taken as part of this case.
10	Now, one other matter that has occurred that
11	is relevant, is important for your consideration
12	tonight, is the plaintiffs have filed what's called
13	an offer of judgment. And what that means is that
14	they have offered to settle the case for \$430,000.
15	And if, in fact, they are able to get a judgment
16	that exceeds that by 25 percent, they will then get
17	their attorney's fees.
18	Normally in a class action, what happens? If
19	the plaintiffs win, there's a pot of money created,
20	and it's called a common fund, and the attorney's
21	fees are paid out of that common fund.
22	So everybody's recovery gets reduced as they
23	contribute to the fees, but now they have filed
24	this offer of judgment.
25	So if they are able to beat that amount, you

will then have to, in addition to refunding the money, you will have to pay their fees. So that's an important factor to keep in mind.

Now, I have had an opportunity to look at the depositions, and we've gone through the pleadings, as Scott said, and the -- it appears to me that the fees are going to be invalidated, and I say that for a couple of reasons.

9 One is the concept of a voluntary fee is 10 really not a very common concept within the State 11 of Florida, but in those circumstances where they 12 are found to be voluntary, there's all kinds of You have to 13 protections that have to be built in. do it. Clearly on the bill reflect that it's 14 15 voluntary, you have to kind of -- there cannot be any confusion whatsoever. 16

Based on what I've reviewed, those protections
are not in place, and those fees will be
invalidated. That is my opinion.

Now, I've also had an opportunity to be in
front of Judge Takac, and we had a hearing on
Tuesday, and that -- it was obvious to me that
Judge Takac has already made up his mind that these
are certainly not voluntary fees, that the bill
itself references that the utilities will be paid

	Page 10
1	off, turned off, if you don't pay the fee, and the
2	fire fee and the police fee are part of that, so I
3	think he clearly has that's where he's heading.
4	Now, the amount that the the amount of fees
5	that we're looking at are basically back to 2009
6	when they were first implemented, and it's my
7	understanding that the amount that has been
8	collected is about \$500,000 to this point, between
9	\$4- and \$500,000. That is the amount that you have
10	at risk as we sit today.
11	That amount continues to grow, because you're
12	continuing to charge the fee. So every month that
13	goes by, that amount that you may have to refund
14	increases some more.
15	Why that becomes even more important is that
16	because they have filed the offer of judgment, and
17	that is whether they get attorney's fees is
18	whether they get a recovery of more than 25 percent
19	of the \$430,000. Every month that the total amount
20	at risk goes up increases the chance that they are
21	going to get attorney's fees, and thereby raise the
22	cost to the city.
23	Now, in looking at the case, and I know that
24	this is a sensitive issue. I know that there is a
25	member of the class, he's not a representative, but

	Page 11
1	it's Mr. Richardson, who is a plaintiff in this
2	case, and I've had circumstances where I have
3	represented other governmental entities where a
4	member of the council or the commission has to
5	actually file suit against the county or city, and
6	I understand the dynamics that we're dealing with
7	here, but it is very important in this case that we
8	have to look in terms of where we are going to take
9	the city in the future. We cannot get too mired
10	down in this litigation just because of this
11	gentleman and the circumstances.
12	And so I'm attempting to craft a way that we
13	can move forward, but we have to kind of put that a
14	little bit behind us.
15	And my recommendations are, initially, suspend
16	the fee, both fees, at this point in time. Do that
17	so that the damages don't keep increasing, that you
18	do not add to your risk of having to pay attorney's
19	fees, and I think that that would be my first
20	recommendation.
21	My second recommendation is that you allow us
22	to attempt to negotiate a settlement, and that
23	settlement, we don't know what they're willing to
24	accept, but it's worth our efforts to go to them,
25	see if we can arrive at a number, resolve this

1	issue once and put this behind the city.
2	Now, I've recognized that the fire fee and the
3	police fee are important to your budget process.
4	There are fire fees that are valid in the State of
5	Florida that can be crafted, and if, in fact, that
6	is where the city wants to go, then we can assist
7	you or at least point you in the right direction to
8	put in a fee that is valid, that will be available
9	and can be upheld in the courts and assist you in
10	developing your fire department.
11	Police fees are almost exclusively not allowed
12	to be collected by a fee, and so the police fee is
13	going to be problematic no matter what, but we can
14	help you in going forward with the fire.
15	So that would be my recommendation. Suspend
16	the fee, allow us to go forward in an attempt to
17	negotiate a settlement, and then should the city
18	want to go forward with a fire fee, we can give you
19	recommendations on how you would go crafting one
20	and implementing that.
21	Now, any questions? I know it's been a long
22	meeting for you, so I'll try to cut to the quick,
23	so
24	COMMISSIONER GUNTER: In your opinion, already
25	being before the judge, you think he's going to

```
1 rule against us?
```

MR. STEWART: Absolutely. I have absolute confidence. His whole manner in this case, the way he just talked about the fee, I have no doubt in my mind that he is -- his mind right now is certainly there, and I think that's where he'll end up.

7 COMMISSIONER KELLY: You're aware that our 8 fire department is a volunteer fire department, 9 right?

10 MR. STEWART: I am, and that still can be done 11 partially by fee. And a history, that early on --12 I represented Lake County, early on, and they had 13 assessments in place, and they had basically, what Lake had in the old days, was they had a central 14 15 administration that was by a county employee, and it was volunteer departments, and we imposed an 16 17 assessment that was upheld.

18 So it can be done, even though it's voluntary. 19 It impacts on the amount, but if the service 20 provides the benefit to the property, then you can 21 do it regardless.

22 COMMISSIONER GUNTER: I think that the last 23 time that they gave us a proposal, which we turned 24 down, the biggest concern of the thing was that 25 besides the two plaintiffs getting X number of

	Page 14
1	dollars, was the actual attorney's fees. Do you
2	think that you could negotiate those fees down? I
3	mean, you're saying that there's still a \$400,000
4	judgment out there, correct, is that what they
5	want?
6	MR. STEWART: They've asked for \$430,000.
7	COMMISSIONER GUNTER: \$430,000.
8	MR. STEWART: And assuming that we accepted
9	that, then the fee would be calculated out of that.
10	COMMISSIONER GUNTER: And what are they going
11	to do with this \$430,000, divide it between the
12	attorneys, between the two plaintiffs, and then the
13	rest of whoever don't opt out of the
14	MR. STEWART: Well, that would be subject to
15	the Court, obviously. They can't just do it. They
16	have to go to court and get it approved.
17	The attorney would get attorney's fees out of
18	that pot of money. The named plaintiffs, which is
19	not Mr. Richardson, it's the Howards, are the only
20	named class representatives. They would apply for
21	some amount of money. All of that would reduce the
22	recovery to the citizens of Fruitland Park.
23	COMMISSIONER CHESHIRE: Don't the citizens get
24	their recovery first, and then what's left over
25	goes to the attorney?

Page 15 MR. STEWART: It's off the top. The fees and 1 the costs will be off the top. 2 3 MR. CONNER: Something that I think is very important, Mr. Stewart, to clarify for you, if I 4 5 understood correctly, and I hope I did, if we move forward, taking it off the settlement for a minute 6 7 and talking about moving forward, and we do the assessment, it would be -- even though you could do 8 9 it on the monthly bill, it would be against the 10 property, not the tenant; is that correct? 11 MR. STEWART: Assessments are benefits to the 12 property, and so it is a charge against the 13 property. 14 Okay. And I wanted you all to MR. CONNER: 15 know that, because you talk about this is a fair thing or it offsets taxes. 16 COMMISSIONER GUNTER: When you go to 17 assessment, though, now you've got to come up with 18 19 some type of a formula system that this property is 20 valued at this amount, and this property is valued 21 at a different amount, and one is going to be 22 paying a little bit more fire fee than the other 23 one. Well, not on value. 24 MR. STEWART: Usually assessments for fire service are not based on 25

	1490 10
1	value.
2	COMMISSIONER GUNTER: Square foot.
3	MR. STEWART: Well, it could be calls for
4	service, and it could be that residential property
5	in the city receives 60 percent of the calls, and
6	so 60 percent of the cost would be allocated
7	against residential property on a per unit basis.
8	That's a way you could do it. That's how it
9	frequently is done.
10	And so then the property owner
11	MR. CONNER: I thought it would be important
12	for their benefit, because one of the arguments for
13	having the fee was that it goes to the tenant, not
14	the property owner, and if you go to this program,
15	you can, as he stated, but I just wanted you to be
16	aware you're not accomplishing the exact same
17	result that you started out to accomplish.
18	COMMISSIONER GUNTER: Our goal, when we first
19	put these in, it would be fair to everybody.
20	Everybody that paid a utility bill, they paid for
21	it. If you had a renter that was renting and
22	paying the utility bill, his rent is still going to
23	stay the same, but if you had a renter that the
24	assessment went onto the property owner, and then
25	he comes back to the renter and says: Well, you

know, \$4 or \$48 a year, they raised my taxes, I've
got to raise your rent \$100 a month. That was the
whole intention to help the lower income personnel
or residents of the town.

5 MR. STEWART: And there are a multitude of ways of doing this, but there is some difficulty in 6 7 terms of charging the tenants, and I mentioned this 8 to Mr. Conner and Mr. Gerken, that the City of 9 Tallahassee is in the middle of a class action 10 lawsuit, and they do very similar to what you do. 11 They put it on the utility bill, Tallahassee as a 12 utility, and the challenge is that the tenant is 13 just living there. The benefit comes to the 14 property and ought to be applied to the owner.

15 I don't know how that's going to come out, but 16 there's always some way to cut it one way or the 17 other.

18 COMMISSIONER GUNTER: So we're not the only 19 one in this particular --

MR. STEWART: Oh, no.

21 MAYOR BELL: That's why he's in business. 22 MR. STEWART: The one reason why, on 23 assessments, and it is important to consider, is 24 that you can allocate the assessment on the basis 25 of who is using the service, and that is an

20

1

2

3

4

	Page 18
1	equitable way of allocating it.
2	COMMISSIONER GUNTER: This is a different
3	subject we'll get in later. I need to get back to
4	the prior settlement that we turned down, I
5	believe, was \$15,000 for one and \$15,000 for the
6	other, \$150,000 for the attorney fees, \$100 for
7	each resident or \$130 for each resident?
8	MR. GERKEN: \$100 cap.
9	COMMISSIONER GUNTER: \$100 cap for each
10	resident and get rid of the
11	MAYOR BELL: So that agreement, that proposal,
12	is off the table at this point?
13	MR. STEWART: I would suspect that's off the
14	table. There is the possibility to try to I
15	mean, I think the dollars have gone up, but I think
16	that we could still try to go and negotiate under
17	those terms and try to get there, but I don't
18	I've not you know, I was not involved in those
19	discussions, and I don't know exactly where the
20	plaintiffs are. They seem to be emboldened by the
21	judge.
22	COMMISSIONER GUNTER: Scott, did we do a
23	counteroffer?
24	MR. GERKEN: We did. Mike Roper was the
25	attorney at the time. As you know, we had a shade

1 meeting. He discussed with them, but my 2 understanding is they got nowhere. They had the 3 offer of whatever that was, \$430,000. You were discussing somewhere around \$100,000, 100 range, 4 and it didn't get very far at all. 5 COMMISSIONER CHESHIRE: If you go and don't 6 7 negotiate with them and bring it to the judge, obviously the judge isn't going to rule in our 8 9 favor, but at the same time, do you think he's 10 going to go and give maximum: Okay. Let's give 11 you \$500,000 or say: Okay. You guys made a 12 mistake, and let's cap it at \$250-, or is there any 13 way to kind of -- I mean, what's the odds of just 14 playing it out? 15 MR. STEWART: The judge has that ability. My 16 perception of the judge is that whatever amount 17 they show we collected is what he's going to order refunded. 18 19 COMMISSIONER CHESHIRE: And if we did do that 20 for some -- could you appeal, or would that even be 21 worthwhile? 22 MR. STEWART: Generally that type of question, 23 if, in fact, there's any type of evidence that this 24 is what the city collected, then that's going to be 25 supported on appeal, because if it's a factual

issue, the appellate court won't even look at it. 1 2 COMMISSIONER CHESHIRE: So basically what we 3 should do is try and get out of it for as little money as possible at this point. 4 COMMISSIONER KELLY: You can't talk to the 5 judge and say the intention was to help the 6 7 citizens and get enough money to run the city without raising their taxes outrageously. I mean, 8 that's what our intent was. We're here to protect 9 10 the city and the residents who live here, but we have to pay the bills, too. 11 12 MR. STEWART: I appreciate that, and my understanding is that has been expressed to the 13 Court in the prior hearings with Mr. Roper, but I 14 just don't see this judge -- I mean, he seems 15 16 pretty much right on track with where he's headed. 17 COMMISSIONER CHESHIRE: There's no way to 18 switch judges? 19 MR. STEWART: I don't believe so. 20 COMMISSIONER CHESHIRE: All right. So as I 21 understand, any settlement made, Mr. Richardson 22 would not receive any of that at this point? MR. STEWART: He would not be entitled to a --23 24 well, he'd obviously get a part of whatever utility 25 bill, but he's not a class representative. He was

	Desc. 01
-	Page 21
1	excluded by the judge. So he would not be entitled
2	to a class fee, which is what that \$15,000 was,
3	because he is not a class representative.
4	MAYOR BELL: If, as individuals, we exclude
5	ourselves from the class, does that do anything to
6	this at all?
7	MR. STEWART: No.
8	COMMISSIONER CHESHIRE: Does it help if we get
9	more people to exclude themselves? Does it matter
10	if half of Fruitland Park says: We don't want it?
11	MR. STEWART: You know, the particular letters
12	that have gone out. The letters, the language of
13	the letters, have been approved by the Court.
14	I think my recommendation would be that, you
15	know, whatever action you take about excluding you
16	from the class, then that's fine, but I do not
17	believe that you should engage in a concerted
18	campaign to get people to not become members.
19	COMMISSIONER KELLY: We can't. The judge has
20	already given us a written order that we cannot do
21	that.
22	MAYOR BELL: We can't knock on doors.
23	MR. STEWART: I think that would be the
24	whole tenor that this litigation has been going
25	under, every little thing you do is going to be

Page 22 1 under great scrutiny, so I would be hypercautious. 2 COMMISSIONER CHESHIRE: How do we stop the 3 police and fire fees at this point? Stop them January 1st? Bills have gone out in December, 4 right? 5 They'll be going out soon. MR. CONNER: 6 7 MR. GERKEN: We discussed this. What we could is bring back for your January meeting a 8 9 resolution, initially, just to suspend charging the 10 fees going forward at this point. In that 11 resolution, we certainly don't need to admit any 12 liability. Just essentially say there is uncertainty as to the validity of the fee. 13 Until this is established, we're not going to continue to 14 15 charge those, and I'll work with Greg on drafting 16 that, but I would support that recommendation as 17 well, and literally just saying: Look, this is a 18 timeout until we get this established. 19 As Greg said, just to chime in here, the great 20 white hope, and frankly, that the city had not only 21 the overall fairness of what you were trying to 22 establish, but the voluntariness of the fee is what 23 we had hoped would sustain them. 24 It is clear that the judge, he's made numerous comments, that under the circumstances, and these 25

are at hearings that I've gone to, I didn't have the pleasure of the most recent hearing, but he's apparently echoed it again, that he does not find, under the circumstances, that the way it all came about, that he interprets them as being voluntary.

MAYOR BELL: The fact that we try to negotiate a settlement at this point, is that something the judge is encouraging, is that why he's made the statements?

10 MR. STEWART: Well, I don't know whether -- I 11 would say he's encouraged us to sit down and talk. 12 He has certainly asked the question at the hearing 13 the other day: Why doesn't the city just repeal 14 these fees? I've done this a long time. I 15 understand what he was telling me at that point.

And so he's not indicated that you need to go back and negotiate with the plaintiffs, but, you know, he's saying you're digging yourself deeper, because you keep collecting the fees, and that's the obvious next step is to try to work out and resolve it all at one time.

22 COMMISSIONER KELLY: We didn't have a good 23 attorney to tell us that, that it would help to do 24 that, and we thought it would make us look guilty, 25 so that's why we didn't. I mean, we didn't feel

1

2

3

4

5

6

7

8

9

Page 24 1 like we were doing anything wrong. We were trying 2 to save the residents tax dollars. 3 MR. STEWART: One of the concerns that I have, 4 in my view of the case, and again, because I deal 5 with a lot of governments, you know, you're collecting money every month. It's getting bigger 6 7 and bigger. You may have that attorney's fee issue. 8 9 If, in fact, you have to pay it out, you're 10 now going to have a hole in your budget, and so 11 you're kind of making -- the longer you go with 12 this, if that is going to be the outcome, and my 13 opinion it is going to be the outcome, you're just 14 going to make it worse going down this trail, and 15 it's best -- it's time to put this case behind you. 16 COMMISSIONER CHESHIRE: What happens if we 17 give them the \$430,000, they take attorney's fees, 18 they give \$15,000, only a couple hundred people 19 take their money out, and there's \$150,000 left 20 over, does that come back to us or what happens to 21 that extra? 22 MR. STEWART: It depends on the structure how 23 this works. I know that the prior settlement there 24 was people had to make claims on the amounts, and 25 if they didn't come and make claims, then that

1 money, I think, was going to revert back to the city, and that, again, is part of the negotiations 2 3 we can try to address. 4 COMMISSIONER KELLY: Then you've got trust 5 companies that are going to want to control the money and pay it out, and they're going to have to 6 7 have their share of the fees for them, so there won't be anything coming back to the city. 8 9 MAYOR BELL: What do you need from us tonight? MR. STEWART: Well, I think, at this point, 10 you're in executive session, so you can't take 11 action, but I think that that is -- if I can get 12 13 direction that you would like me to open up 14 negotiations, I think that's -- I can do that. Ι 15 mean, obviously, whatever we come back with and negotiate, we bring to you, and you have to approve 16 17 it. COMMISSIONER KELLY: I'd like to see you talk 18 19 to the judge and let him know we're the good guys 20 here. 21 COMMISSIONER GUNTER: You're staying they're 22 at \$430,000 is what they're at. What starting 23 amount are you going to go in with? 24 MR. STEWART: To be honest, we have not really, among ourselves, talked about an opening 25

Page 26 gamut, so to speak, in terms of negotiation. 1 We 2 obviously would like to get as low as possible. 3 We also know we've got to have a little bit of room before we end up back at \$430-. 4 COMMISSIONER GUNTER: That's why they need me 5 6 in there to negotiate. 7 If anybody can hang onto a penny. MR. CONNER: MR. STEWART: But at the end of the day, it's 8 9 not going to be \$100,000, and it's probably going to be over \$300,000, but, you know, we have to make 10 that first offer, but what I would propose is that 11 Scott and I have the ability to kind of work 12 together to kind of come up with a negotiation 13 14 strategy. I think the plaintiffs are very confident 15 they're going to win. They see the same thing I 16 do, so I don't think they're going to give a lot. 17 So perhaps we can kind of, you know, even if 18 19 we have to pay out more money, we add more of these protections in, so if it isn't claimed by the 20 21 citizens it comes back or reduction in fees, those 22 types of things. 23 One thing that we are -- and I MR. GERKEN: 24 think that's a key point. One thing I think we are hopeful for is there are a lot of citizens, and I 25

	Page 27
1	guess I'm optimistic, who get it, will not be
2	claiming their refund. And so I do think that's
3	important that it's not typical norm in these
4	types of cases, but if they're still willing to
5	build in a cap, for one, and a if it's not
6	claimed, that the money comes back to the city, I
7	think that would be, in some ways, the actual
8	number doesn't matter as much, then, because if you
9	never get there, it's not going to
10	COMMISSIONER GUNTER: If it comes back, it
11	lowers the actual number.
12	COMMISSIONER CHESHIRE: I think as long as the
13	attorney is paid, he's not going to care. He's
14	going to make sure he gets his fee.
15	COMMISSIONER KELLY: And I'd like the Howards
16	to get as little as possible, also. They haven't
17	done anything to benefit the city.
18	MAYOR BELL: Well, can we move forward?
19	COMMISSIONER GUNTER: I don't see where we
20	have an option.
21	MR. GERKEN: I will bring a resolution to you,
22	then, for January to suspend the fees, and Greg and
23	I will move forward in that direction.
24	COMMISSIONER GUNTER: When does our billing go
25	out on the water bills? It's cutoff by the 10th or

Page 28 something like that. 1 2 MR. CONNER: I want to say we're almost there. It's like in the next five days or six days, I want 3 to say, is the billing cycle. I believe I'm right 4 on it. 5 MAYOR BELL: So could we get it? 6 7 I think so, and with a little MR. GERKEN: leeway, I could check with Amanda in billing. 8 If they know it's coming, they could probably -- I'm 9 not sure they all go out the same time each month. 10 I thought there were a couple of different cycles. 11 12 COMMISSIONER KELLY: No, they all have to be 13 in by the 10th of the month. 14 COMMISSIONER GUNTER: Can you say -- it won't be until January we get the resolution, but can we 15 retroactive it back to December? 16 MR. GERKEN: I don't know if it's going to 17 They've already paid it and been billed. 18 matter. 19 I think the --COMMISSIONER GUNTER: I'm saying all we have 20 to do is call the printing company down there that 21 22 sends out the billing and tell them just to drop 23 the -- that shouldn't take but one phone call. MR. STEWART: Well, let me raise one other 24 25 issue.

1 MR. GERKEN: That's right, yes. 2 MR. STEWART: During the course of the hearing 3 the other day, or Tuesday, and the hearing concern, the change in the language on the bill that in 4 September we added language, which the city felt 5 clarified that we weren't going to be charging late 6 7 fees on the fire, plaintiffs took great exception with that, and the judge was very sympathetic to 8 9 their position, basically saying you shouldn't have changed that bill without coming to the Court. 10 11 So I specifically asked the judge, at that 12 hearing, well, should the city elect to stop 13 collecting these fees, do we have to come back to the Court? He would not commit that we could do it 14 15 on our own, so we may have to get Court approval. 16 COMMISSIONER GUNTER: He wants us to drop the 17 fees, but yet --MR. STEWART: Now, the plaintiff indicated he 18 19 had no problem with it if he elected to do it, so 20 we may be able to get him to agree that we can do 21 that change, but that's kind of what we're dealing 22 with. 23 COMMISSIONER CHESHIRE: If you have to go to 24 the judge, how long does that take? Can you just 25 call him up and say: We'll write-up -- do we

	rage 50
1	actually have to going in front of him?
2	MR. GERKEN: You can't just call up the judge,
3	but we can get it would be easier if we could do
4	that. If we can get the plaintiff go ahead,
5	Greg.
6	MR. STEWART: If we could get the plaintiff to
7	agree to that, and frankly, what I would propose is
8	that we go to them and say: Look, we want to sit
9	down, we want to seriously work this out. We want
10	to sit there and immediately stop collecting the
11	fees going forward, see if they'll consent, agree
12	to an order of the judge, and then we'll just walk
13	the order and get it signed. But again, nothing
14	has been easy in this case.
15	MAYOR BELL: You had conversations with
16	Mr. Schoft?
17	MR. STEWART: Yes, I did. And, you know, he's
18	obviously pushing very hard on his case. I think
19	all the depositions that he's setting for all of
20	you, I think, to a certain extent, he's going to
21	take a lot of time, and he's doing that for a
22	reason.
23	So if we can move quickly, we may be able to
24	kind of get all of that resolved and not need to do
25	those depositions.

	Page 31
1	I think that lawyers generally want to get
2	paid, and he needs to resolve this case to get
3	paid, and so I'm hopeful that that will be an
4	incentive to him that yes, we can resolve it now,
5	and we can move on, and hopefully he'll be more
6	interested in that. But I have talked to him.
7	MAYOR BELL: Okay. Again, you'll come back
8	next meeting with a resolution?
9	MR. GERKEN: Yes, assuming we work through
10	this minor court issue.
11	MAYOR BELL: When do you think you'll start
12	negotiations?
13	MR. STEWART: Probably what I would suggest is
14	that Scott and I will get on the phone tomorrow,
15	perhaps, if you're going to be around. We can
16	start talking strategy, and then probably
17	Monday.
18	COMMISSIONER KELLY: Let's please not wait
19	until after the first of the year.
20	MR. STEWART: Absolutely. We need to move
21	quickly on this, and I have to be down this way
22	for I represent Orange County in matter, so I
23	need to be in this area next week.
24	So if, in fact, Mr. Schoft is available, and
25	we are able to arrive, it might be worth just kind

		Page 32
	1	of setting up a meeting and sit down with
	2	Mr. Schoft and kind of start broaching these
	3	subjects. But I agree with you, that's exactly
	4	what needs to be done. We need to move quickly.
	5	COMMISSIONER KELLY: I would like for you to
	6	try to talk to the judge, and tell him these are
	7	good guys. We're not doing anything.
	8	MR. STEWART: I'll do my best.
- 10	9	COMMISSIONER KELLY: Every cent we collected
	10	went right back into the city.
	11	MR. GERKEN: That's been one thing that no one
	12	has disputed, that these funds have been used for
	13	police and fire services.
	14	And I'm available tomorrow afternoon. I know
	15	I'm jammed up in the morning, but I'm available in
	16	the afternoon.
	17	MR. STEWART: That will be fine.
	18	Any other questions that I can help you with?
	19	COMMISSIONER KELLY: I have one question.
	20	When we have to do our depositions, is there any
	21	possibility that Mr. Richardson will be there?
	22	MR. STEWART: Absolutely. I'm sure he'll be
	23	there.
	24	COMMISSIONER KELLY: He's not in this case,
	25	though.
I		

	rage 55
1	MR. STEWART: He's still in the case. He's
2	not the class representative.
3	COMMISSIONER CHESHIRE: Hopefully we won't
4	have to do depositions.
5	MAYOR BELL: But being in that case, that
6	doesn't mean that he'll receive any additional
7	funds?
8	MR. STEWART: No. The funds go for the person
9	who is the class representative and the headaches
10	that they have to put up with being the class
11	representative. That's what the money's for, and
12	he's not the class representative, so he will not
13	be entitled to any payment other than the refund
14	that he might be entitled to from the fees.
15	MR. BELL: And he wouldn't have a separate
16	agreement with the attorney regarding any
17	attorney's fees that he collects?
18	MR. STEWART: That I can't tell you. I don't
19	know. I mean, you know, I would think that it
20	might be inappropriate for the lawyer to have a
21	side deal with Mr. Richardson, saying that he,
22	Mr. Richardson, would get some kind of the
23	attorney's fees. I would think that would be
24	inappropriate, and I don't have any reason to
25	believe Mr. Schoft would enter into something like

	Page 34
1	that.
2	MAYOR BELL: All right. Any other questions?
3	If not, we'll appreciate it.
4	MR. STEWART: Thank you, sir.
5	MAYOR BELL: We'll adjourn the attorney-client
6	session.
