AGENDA PLANNING & ZONING BOARD NOVEMBER 3, 2022 6:00 PM

I. INVOCATION AND PLEDGE OF ALLEGIANCE:

- II. ROLL CALL:
- III. <u>MEETING NOTES FROM PREVIOUS MEETING</u>: Meeting notes from September 15, 2022 included for review/comment.
- IV. **OLD BUSINESS:** NONE

NEW BUSINESS:

A. <u>Lake Myrtle Breezes Variance - 1108 Myrtle Breezes Court (Alternate Keys: 3845251)</u>

A Variance application was submitted by Angel Rivera P.E. of A&B Engineering Consultants, PA on behalf of the owner, Crystal Lake Land Holdings, LLC. The subject site consists of approximately .33 ± acres. On November 8, 2009 the City of Fruitland Park approved a lot line deviation between Lots 8, 9 and 10 pursuant to Chapter 157, Section 157.050. It appears that the lot line deviation was sought due to the existing construction of Lot 9 not meeting the side setbacks of 10'. After the lot line deviation, the remaining portion of Lot 10 indicates that the lot width does not meet the minimum requirement of the zoning district which requires 80' width at the building setback line on cul-de-sacs and curves pursuant to the City of Fruitland Park Land Development Regulations (LDRs), Chapter 154, Section 154.040.

Review of the boundary survey indicates that there is 70' at the building setback line and indicates that the front setback would need to be increased to approximately 160' to achieve the 80' width requirement. Taking into consideration rear and side setbacks, the buildable area for a home and accessory structures would be approximately 60' x 25', which is not sufficient.

The R-4 zoning district requires a minimum lot size of 12,500 square feet with central water and septic tank. The subject lot was platted at 18,146 square feet (0.42 acres) and due to the approved lot line deviation, the lot is now approximately 14,374 square feet (0.33 acres) which exceeds the minimum required.

Staff recommends approval of the variance.

B. The Hawthorns – Annexation, Comp Plan Amendment, Rezoning, Planned Development, Unity of Title Alternate Keys: 3884325 & 1699649)

The subject property consists of two properties; a 4.57-acre parcel (Alt Key 1699649) in the city limits with frontage on CR-466A, developed with the Burke's BBQ restaurant and an office building along with a 14.98-acre parcel (Alt Key 3884325) to the north of the existing restaurant in Lake County, developed with a landscaping business and nursery. **The applicant is requesting to annex** the 14.98-acre parcel (Alt Key 3884325) into the city limits and add it to the existing Burke's BBQ parcel (Alt Key1699649) to allow construction of a mixed-use project consisting of 240 multi-family apartments, associated recreation and 2.71 acres of general commercial. The existing Burke's Restaurant will be demolished to allow construction of the development.

A companion small-scale comprehensive plan map amendment is requested for the northern 14.98 +/-acre subject property amending the future land use from Lake County Rural to Multi-Family High Density (15 units/acre). A concurrent rezoning amendment is proposed for the entire site from Lake County Agriculture and C-2 to PUD. The immediate surrounding properties are zoned for C-2 and intended for high intensity commercial uses. The subject property is located immediately north of the Villages of Fruitland Park, consisting of primarily single-family homes and supporting neighborhood commercial use. The existing area has a mix of uses.

Staff recommends approval of annexation, a small scale comp plan and rezoning of the properties.

BOARD MEMBERS' COMMENTS:

PUBLIC COMMENTS:

This section is reserved for members of the public to bring up matters of concern or opportunities for praise. Note: Pursuant to F.S. 286.0114 and the City of Fruitland Park's Public Participation Policy adopted by Resolution 2013-023, members of the public shall be given a reasonable opportunity to be heard on propositions before the Planning and Zoning Board. Pursuant to Resolution 2013-023, public comments are limited to three minutes.

MEETING NOTES PLANNING & ZONING BOARD September 15, 2022 6:00 PM

- I. <u>INVOCATION AND PLEDGE OF ALLEGIANCE</u>: Board Chairman Goldberg requested all participate in the pledge of allegiance; Sharon Williams was asked to lead the invocation
- II. ROLL CALL: All members present except for Board Member Birriel who asked to be excused.
- III. <u>MEETING NOTES FROM PREVIOUS MEETING</u>: Meeting notes from August 2, 2022 included for review/comment. Board Member Collins made the motion to approve the last meeting's minutes and was seconded by Board Member Dicus. Passed Unanimously.
- IV. OLD BUSINESS: NONE

NEW BUSINESS:

Rolling Acres – Lake Ella Road (Alternate Keys: 1284082 & 1384015), Planned Development

A Planned Development application was submitted by ResiBuilt Homes, LLC on behalf of the owner, Daryl M. Carter, Trustee of Lake Ella Road Land Trust. The proposed development consists of 158 ± acres consisting of 413 single family units (50' x 120' - 6,000 SF and 60' x 120' - 7,200 SF) and 190 townhomes (24' x 120' - 2,880 SF) for a total unit count of 603 dwelling units at a density of 3.78 units/acre. The minimum net living area is 1432 SF. The proposed plan designates 48.69 acres of open space (30%) consisting of 10.5 acres of recreation parcels and community park; 20.22 acres in buffers and other open space; 17.97 acres of stormwater ponds (the ponds are proposed to be improved with walking trails and benches) and a varied landscape buffer with a 25' minimum width. The properties are located at 1132 and 1342 Lake Ella Road.

The existing approved PUD consisted of 210 single family units (50' x 120', 75' x 135', 80' x 150') and 426 townhomes for a total unit count of 636 units and 4.26 acres of neighborhood commercial uses. The previous plan also provided 46% open space with the majority of the buffers being 50' in width to mitigate the adjacent agriculturally zoned properties and low-density development. The proposed development is a reduction of 33 units.

Although the concept plan meets the minimum technical requirements of the LDRs, the City cannot approve the development as the Traffic Impact Analysis reveals that portions of Rolling Acres Road has insufficient capacity and operates below the adopted level of service (LOS) to accommodate the impacts of the development. Future conditions in 2025 indicate that Micro Racetrack Road will also operate below the adopted LOS standards. Please refer to the LPG staff report, dated 8/24/2022 for recommendations.

As per staff report, planning staff defers to city legal counsel as it appears staff cannot recommend approval unless proportionate fair share mitigation pursuant to Chapter 153, Sec 153.050(B) is offered for portions of Rolling Acres Road and Micro Racetrack Road.

Michael Rankin of LPG provided an overview of the development application procedure and read a summary of the proposed development. Anita Geraci-Carver (City Attorney) provided a report that this is not a comp plan amendment so it will not need to go to Tallahassee for review and that in the PUD there is language that states that if the city requires it that the applicant must improve Rolling Acres Rd to City and County standards at the subdivision intersection and Lake Ella Rd including intersection improvements and turn lanes. On September 13th the applicant submitted a letter offering to enter into a Proportional Share Agreement with Lake County as the city has requested, though we have not finalized the language but have acknowledged that they will do this. If the board wants to include language like this it can be added and finalized before the City Commission meeting.

Attorney Jimmy Crawford is representing Resibuilt Homes, LL and introduced the Resibuilt Team. He stated that this is an existing Planned Development with a valid Master Developer's Agreement and that the proposed change will lower the density overall by 33 units, reduced townhomes from 236 units, these changed to mostly single-family residential and the current plan allows for more interconnectivity to the surrounding area based on the recommendation by the city and Lake County. States that the current Future Land Use allows up to 8 units per acre and they are asking for less than half of that and significantly reduced the multi-family component. The plan has the larger lot sizes to the perimeter so neighbors won't visually see the smaller lots if the lot sizes bother them.

They have formally offered to enter into a Prop Share Agreement to mitigate the traffic impact created by their development. Crawford pointed out that Lake County may decide not to enter into a Prop Share Agreement and may prefer for the applicant to pay for off-site improvements instead. Chairman Goldberg read the public comments rules to the meeting attendees.

Board Member Dicus asked if he would pay to widen any one of those roads that will be impacted by their development and then let someone else pay them back. Crawford explained that pioneer agreements for road improvements, which Crawford agreed would be a much better system. If they were presently in Lake County zoned agricultural and were coming in with a new Planned Unit Development, he would agree with Board Member Dicus because at that point their fair share would be larger. However, there is an existing Planned Development that allows for more units and they wouldn't need this approval.

Muhammad Abdullah (Traffic Mobility Consultants, 3101 Maguire Blvd Orlando, FL 32803) asked to restate the question. Board Member Dicus stated that the development would add approx.. 1200 cars on that road and inquired if there were discussions with Lake County about a plan. Abdallah stated

that there is a limitation of what a private individual can do especially involving other people's private property involving the improvements suggested. The query that happens at the municipal level do they build the roads and hope development comes and potentially waste taxpayers' money or allow the developments to come and then build the roads to meet the demand and that's why the statute is written the way it is that applicants pay their proportionate share or by making an equivalent improvement. Also, there are impact fees that are collected for this purpose as well.

Board Member Dicus asked what kind of physical improvements would be considered an equivalent improvement in that area. Abdullah responded the most crucial are intersections. There are capacity issues at the stop signs at Lake Ella and Rolling Acres and Lake Ella and Micro Racetrack where queues form. Based on conversations with the county they would focus their attention on those places. A formal agreement has not been made as yet with the county as the county won't do that until Construction Plans are approved so we won't know exactly what those improvements will look like until that point.

Board Member Collins asked if there was any consideration for Timbertop Lane. Are there any plans for that road? Abdullah didn't know about this road. Board Member Dicus stated that it is basically an extension of Rolling Acres. Collins stated that the Rolling Acres and 466 intersection is often listed as one of the most dangerous in Central Florida. Other applications in Lady Lake and in the city have also looked at that intersection and identified it as one that needs improvement. As the level of service decreases it becomes a higher priority to fix. Crawford stated that County Public Works determines priority so it makes a difference for citizens let them know the dissatisfaction with their roads and priorities can shift.

Board Member Dicus stated that the issue is that their traffic studies show deficiencies on two roads. One road is deficient, not because of this project but, because of existing developments.

Abdullah stated that the current PUD is a higher traffic generator than what is currently being proposed. Board Member Dicus asked when that PUD was approved, Sharon Williams stated she believes it was in 2007 or 2008.

Board Member Burch asked if they had plans for phasing, turn lanes and if there were any other forms of mitigation being considered? Crawford stated that the MDA will state that they will build whatever is required by city and county with the limitations set by state law.

Yog Melwani stated that phasing and timelines aren't set in stone though the concept plan does show four phases and it may go that route – though they are not looking to commit to a timing schedule. Board Member Collins asked if they are thinking of the timing between phases such as six months. Melwani responded that they it would take longer but, couldn't provide a more definitive estimate.

Board Member Dicus asked about water and sewer. Melwani stated that is their understanding that

capacity is sufficient. Chad Moorehead has been working with Robb Dicus and Halff is working on the route for sewer and water. Sewer estimated at the east on Lake Ella and Water south through the right-of-way on Spring Lake Rd. Board Member Dicus asked who is paying for that? Melwani stated that the applicant is forming a pioneering agreement.

City Attorney located the previous PUD that was written in 2007 and the term of the agreement was ten years so the previous PUD has expired. They could extend it by mutual consent but it would have had to go to a public hearing which was not done. Crawford stated that the PUD never expired, it's the MDA that expires since the zoning designation remains in place.

Chairman Goldberg opened up the meeting to public comment and asked if anyone present in the audience received a letter from the City of Fruitland Park. Williams stated they would only receive letters if they are within the jurisdiction of Fruitland Park and were within 250 feet of the property without crossing through another property line; a number of nearby properties were within Unincorporated Lake County. A member of the public asked why and Chairman Goldberg stated that the guidelines are per Florida State Statute.

Scott Shurman of unincorporated Lake County stated that Lake Ella is barely a road and dirt washes out and is not safe for any traffic; it is his primary access road to my property. There should be a traffic signal. He is worried about the availability of emergency services.

Jean Pasacheck of unincorporated Lake County expressed concerned with traffic at the current stop sign. He also had environmental concerns for the gopher tortoises and hopes they are relocated properly. Asclepias (milkweed) plants are also found on this property and they would like to see a portion of their project dedicated to keeping the plants intact.

Linda King, of unincorporated Lake County, asked if Rolling Acres Road would be paved down to 466A. Board Member Dicus inquired about the intention for that section of road. Chad Moorehead responded that the dirt road section is Timbertop Lane and the right-of-way access isn't available so planned improvement is only for Rolling Acres up to the southernmost entrance. Jimmy Crawford explained the county can ask for further road improvements and give the development impact fee credits. Crawford explained that this developer needs good roads to be able to sell homes. Chairman Goldberg asked if the county requested a traffic signal if they would comply in exchange for impact fee credits. Crawford explained these details are still being discussed with the county but he would advise it.

Mike King, of unincorporated Lake County, asked for clarification on the right of way not going all the way down to Rolling Acres Road. Board Member Dicus stated he remembered the road used to go all the way through but, the county abandoned a portion of the road – the road is no longer drivable as the property owners closed it off.

Charles Thompson, of unincorporated Lake County, asked if there are any other exits off of Lake Ella other than the main entrance. During the 2007 PUD meeting the developers were originally planning to go through their neighborhood but they had determined with the hill it would lead to too many accidents. He wants to ensure there are still no plans to go through his neighborhood.

Gale Hodges, of unincorporated Lake County, inquired about all of the homes using one proposed exit and whether it make sense to use Rolling Acres Road? She states that the exhaust fumes on Micro Racetrack Road in the summer is overwhelming. She asks if this is a retirement village or family homes, and doesn't believe that they will only have one car per family if it's not a retirement community. She is also concerned about the construction traffic when the development begins breaking ground and building. Further, she is concerned about congestion and safety as they have horses, dogs, and children.

Gina Grey, unincorporated Lake County, is in opposition to this development due to the anticipated traffic impact. She inquired from the traffic engineer what assumptions were made about the number of cars and drivers per family. She realizes that there are a number of entities that would be involved in this process but for the residents in the area this is dangerous i.e., trying to exit her property.

Tina Bombardo, stated that she lives in unincorporated Lake County so did not receive a notice from the city. The area is very sloping, and inquired if the developer will bulldoze the land to develop the property. She is concerned about erosion – she owns five acres with horses. She is concerned with the landscape changing with the heavy rains that it will impact her property. Lake Ella Road drops off on the north side, if it's not widened with the main entrance for six-hundred homes the cars will experience accidents. Across from the development will be Green Key Village and their turn lane starts at her property and then further up the road is another development in Lady Lake that has stalled their development but, it is planned to have five-hundred homes. She is very concerned about all this traffic for the bikers that use this scenic route. She is very concerned about the bull-dozing changing the view of the land and the erosion it will cause.

Kim Davis of Lady Lake, stated she is in agreement with everyone else that has spoken. The stop sign at Rolling Acres Road and Lake Ella Road is not stopped at and there is no traffic enforcement. There are a number of streets that are single access non-county maintained that have difficulty exiting onto Lake Ella Road. She asked how Micro Racetrack and Rolling Acres Road are proposed to be widen as property will be taken from people and then there will be trees cut down

Kathy Haviland. of unincorporated Lake County, stated she's lived at her address for twenty-one years and there are always accidents; two traffic fatalities in the last three weeks and the county cut down a lot of trees to install stop signs at Rolling Acres and Lake Ella and it has since become overgrown again. She wants to know what is the maintenance status. She also inquired whether the sheriff's department is on board, do they have the staff to handle emergency services as emergency response times are already really slow for this area.

Crawford stated that for gopher tortoises, the developer is required, by the state of FL, to 100% survey and relocate them to an authorized mitigation bank for all tortoises on the property.

Crawford stated that there isn't one entrance in and one exit out, there are four planned entrances and exits on Rolling Acres Road. There's a stub out to the east for future developments to connect so there will be five initially.

Abdullah stated that the number of cars and drivers per household is calculated per the ITE (International Association of Traffic Engineers) Manual; they publish a Traffic TPD for traffic peak hour for every possible kind of use. Single-family is about 9.7 trips/day, townhomes are a little less —

but this is a standard used by governments and industry – it is not a number they or the company generated.

Crawford reminded everyone that they are not responsible for mitigating existing traffic;, only traffic generated from their proposed development. They will fix more than their fair share but it is a problem shared by all the property owners in the area.

Crawford stated they aren't asking for any grading variances; they will work with the current topography. Moorehead stated grading would be necessary to make it flat enough to build on. There are requirements through NPDS for erosion control they have to follow, there will be silt fences installed, property will be sodded and slopes will be stabilized. There is a lot of elevation changes on the property.

Crawford asked what kind of notice the neighbors will have before construction starts. It was noted that this is not a requirement by the city or the state. Crawford offered to do notices for the neighbors before construction begins.

Crawford stated the stop sign located at Rolling Acres and Lake Ella being overgrown is a Lake County public works issue and you the citizen would need to call the county to get that resolved.

Board Member Dicus asked if the intent for this property is to have a homeowner's association and Crawford responded yes.

Melwani stated it's too early to talk about price points given current inflation and the housing market; he doesn't want to misrepresent the owner.

Board Member Burch stated that there are four exits to Rolling Acres Road and asked about a road leading to a cul-de-sac. Moorehead stated that the access point has a divided entry with an island down the center of it. Further down, it terminates at a community park.

John Adam of Kissimmee stated that the termination point on the east/west road stubs out to future development to the east and they are providing a parallel facility once connected to the east to help relieve traffic when that development comes in.

Crawford states he's available to answer any questions from the audience and his contact information is available as a public record to any that may want it.

At this point, it was brought back to the board for discussion. Board Member Dicus recommends that something must be done about the roads. He is okay with the development itself as HOAs provide for better clientele and higher-end homes. City attorney has no further recommendations. Board Member Burch agrees with Board Member Dicus. Board Member Collins is okay with the development but is not okay with the road impact. Chairman Goldberg would like to see language in Section 8 that requires either off-site improvements or a proportionate share agreement with the county.

Board Member Collins made the motion to deny approval. There was not a second. The motion failed.

Board Member Dicus made the motion to approve the PUD with language that satisfies Lake County Public Works requirements for Lake Ella and Rolling Acres Roads and applicable road impacts. Chairman Goldberg presented with the understanding he'd like the Commission to seriously consider the traffic impact situation, seconded by Board Member Burch. Board Member Collins voted no. Board Member Burch voted yes. Board Member Dicus voted yes. Chairman Goldberg voted yes. Motion carried 3-1.

BOARD MEMBERS' COMMENTS:

Board Member Dicus stated that they hope that the residents voice their opinions to the county and local municipalities and be the squeaky wheel to make things happen with the traffic situation. Michael Rankin stated that they should look at the contact information on Lake County's website for engineering, public works, and land planning or reach out to Sharon Williams from city staff for contact information. Chairman Goldberg reminded the room that those roads are county roads and not within the city's purview.

PUBLIC COMMENTS:

This section is reserved for members of the public to bring up matters of concern or opportunities for praise. Note: Pursuant to F.S. 286.0114 and the City of Fruitland Park's Public Participation Policy adopted by Resolution 2013-023, members of the public shall be given a reasonable opportunity to be heard on propositions before the Planning and Zoning Board. Pursuant to Resolution 2013-023, public comments are limited to three minutes.

Community Development Department, City of Fruitland Park Attn. Mrs Sharon Williams 506 W Berckman Street Fruitland Park, FL 34731

RE: Request for Variance 1108 Myrtle Breezes Ct. Fruitland Park, FL

Dear Mrs Williams,

We hereby request a variance to the minimum lot width set forth in your Land Development Code for a zoning district R-2. The requirement is 80ft and the lot has 70.3ft at 30ft from the street right of way.

Justification:

- 1. The lot has a width larger than 80ft in more than half of the lot
- 2. The required side setbacks will remain
- 3. No other variances are needed
- 4. The lot was split by a previous owner and the current owner didn't know
- 5. Required services are already available without construction of additional improvements
- 6. The granting of a variance is consistent with the overall intent of the LDC, and will not be injurious to the surrounding properties or detrimental to the public welfare.

The intent of this variance is to conclude a sale to a Builder, so a new home can be built on the developed lot. I hope that you find our request acceptable.

Prepared by,

Angel L. Rivera, PE President

RESOLUTION 2022-040

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF FRUITLAND PARK, FLORIDA, GRANTING A VARIANCE TO THE LAND DEVELOPMENT REGULATIONS (LDR) RULE OF MINIMUM LOT WIDTH AT BUILDING SETBACK LINE FROM 80' TO 70' ON THE DESCRIBED PROPERTY LOCATED AT 1108 MYRTLE BREEZES COURT IN THE CITY OF FRUITLAND PARK, FLORIDA, OWNED BY CRYSTAL LAKE LAND HOLDINGS, LLC, PROVIDING FOR AN EXPIRATION DATE AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, A & B Engineering Consultants, PA, has petitioned for a variance on behalf of the property owner Crystal Lake Land Holdings, LLC for the property located at 1108 Myrtle Breezes Court, in the City of Fruitland Park, Florida; and

WHEREAS, the owner desires to request a variance from the City of Fruitland Park requirement pertaining to the minimum lot width requirement at the building setback line;

WHEREAS, to accommodate the existing lot a variance from the minimum lot width requirements contained in the City of Fruitland Park's Land Development Regulations is required; and

WHEREAS, the owner requests a variance to the following LDR requirements:

• Chapter 154, Section 154.030(d)(2)(E)(ii) minimum lot width of 80' at the building setback line

WHEREAS, the City Commission has considered the petition in accordance with standards for the granting of variances contained in Chapter 168, City of Fruitland Park Land Development Regulations,

NOW THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF FRUITLAND PARK, FLORIDA, as follows:

1. The petition for variance filed by A & B Engineering Consultants, PA. on behalf of the property owner, Crystal Lake Land Holdings, LLC for property located on Myrtle Breezes Court, in the City of Fruitland Park, Florida, more particularly described as:

LEGAL DESCRIPTION:

Lot 10 of Lake Myrtle Breezes, as shown on the plat Book 56, Page(s) 95 and 96, Public Records of Lake County, Florida. Less and Except that portion amended by the lot line deviation recorded in Official Records Book 3902, Page 307, Public Records of Lake County, described as follows: Begin at the Northwesterly corner of said Lot 10; thence run South 05°52 '29" West a distance of 457.82 feet to Southwest corner of said Lot 10, thence run North 0°26 '17" East along said West line of Lot 10 a distance of 393.43 feet, thence run North 35°16 '12" East a distance of 75.93 feet to the Point of Beginning.

is granted as follows:

- 1. A variance to Chapter 154, Section 154.030(d)(2)(E)(ii) minimum lot width requirements at the building setback line from 80' to 70'.
- 2. This variance shall become effective immediately on its approval and adoption by the City Commission of the City of Fruitland Park, Florida.

PASSED AND ORDAINED in regular s Lake County, Florida, this day of _	session of the City Commission of the City of Fruitland Park,, 2022.

ORDINANCE 2022-025

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF FRUITLAND PARK, FLORIDA, AMENDING THE BOUNDARIES OF THE CITY OF FRUITLAND PARK FLORIDA, IN ACCORDANCE WITH THE PROCEDURE SET FORTH IN SECTION 171.044, FLORIDA STATUTES, TO INCLUDE WITHIN THE CITY LIMITS APPROXIMATELY 15.00 ± ACRES OF LAND GENERALLY LOCATED NORTH OF CR 466-A, EAST OF OLIVER LANE AND WEST OF MICRO RACETRACK ROAD; DIRECTING THE CITY MANAGER TO PROVIDE CERTIFIED COPIES OF THIS ORDINANCE AFTER APPROVAL TO THE CLERK OF THE CIRCUIT COURT, THE LAKE COUNTY MANAGER AND THE DEPARTMENT OF STATE OF THE STATE OF FLORIDA; PROVIDING FOR SCRIVENER'S ERRORS, SEVERABILITY AND CONFLICTS; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a petition has been submitted by Luxury Leased Homes USA, LLC, as Applicant, on behalf of T.D. Burke, Owner, requesting that approximately 15.00 ± acres of real property generally located north of CR 466-A, east of Oliver Lane and west of Micro Racetrack Road (the "Property") be annexed to and made a part of the City of Fruitland Park; and

WHEREAS, the petition bears the signature of all applicable parties; and

WHEREAS, this Ordinance has been advertised as required by law with a copy of said notice sent via certified mail to the Board of County Commissioners of Lake County as provided for by statute; and

WHEREAS, the Planning and Zoning Board considered this ordinance at a public meeting; and

WHEREAS, the Property is contiguous to the City limits and is reasonably compact; and

WHEREAS, the City Commission has determined that the area proposed for annexation meets the requirements of §171.044, Florida Statutes; and

NOW, THEREFORE, BE IT ORDAINED by the City Commission of the City of Fruitland Park, Florida, as follows:

Section 1. The recitals set forth above are hereby adopted as legislative findings of the City Commission of the City of Fruitland Park.

Section 2. The following described property consisting of approximately 15.00 acres of land generally located north of CR 466-A, east of Oliver Lane and west of Micro Racetrack Road, contiguous to the City limits, is hereby incorporated into and made part of the City of Fruitland Park Florida. The property is more particularly described as follows:

LEGAL DESCRIPTION: See attached Exhibit A.

Parcel Alternate Key No. 3884325 Parcel Id No. 06-19-24-0003-000-08500

Section 3. Upon this Ordinance becoming effective, the property annexed shall be subject to all laws, ordinances, and regulations enforced in the City of Fruitland Park, and shall be entitled to the same privileges and benefits as other parts of the City of Fruitland Park upon the effective date of the annexation. Except that the property annexed in this Ordinance is subject to the Land Use Plan

of the Lake County Comprehensive Plan and county zoning regulations until the City adopts the Comprehensive Plan Amendments to include the property annexed in the City Comprehensive Plan.

Section 4. The City Clerk shall forward a certified copy of this Ordinance to the Clerk of the Circuit Court, the County Manager of Lake County, Florida, and the Department of State of Florida within seven (7) days after its passage on second and final reading. It shall further be submitted to the Office of Economic and Demographic Research within 30 days of approval along with a statement specifying the population census effect and the affected land area. F.S. 171.091, Florida Statutes.

Section 5. Scrivener's errors in the legal description may be corrected without a public hearing or at public meeting, by re-recording the original ordinance or a certified copy of the ordinance and attaching the correct legal description.

Section 6. If any provision or portion of this Ordinance is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then all remaining provisions and portions of this Ordinance shall remain in full force and effect.

Section 7. All ordinances and parts of ordinances to the extent in conflict with this Ordinance are hereby repealed.

Section 8. This Ordinance shall become effective immediately upon passage by the City Commission of the City of Fruitland Park.

PASSED AND ORDAINED in regular ses County, Florida, this day of	sion of the City Commission of the City of Fruitland Park, Lake , 2022.

ORDINANCE 2022-024

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF FRUITLAND PARK, FLORIDA, REZONING 19.56 ± ACRES OF PROPERTY FROM CITY OF FRUITLAND PARK C-2 AND LAKE COUNTY AGRICULTURE TO CITY OF FRUITLAND PARK MIXED USE PLANNED UNIT DEVELOPMENT (MPUD) WITHIN THE CITY LIMITS OF FRUITLAND PARK FOR RESIDENTIAL AND COMMERCIAL USE; APPROVING A MASTER DEVELOPMENT AGREEMENT FOR THE PROPERTY; DIRECTING THE CITY MANAGER TO HAVE AMENDED THE ZONING MAP OF THE CITY OF FRUITLAND PARK; PROVIDING FOR SEVERABILITY AND SCRIVENER'S ERRORS; REPEALING ALL ORDINANCES IN CONFLICT HEREWITH; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a petition has been submitted by Luxury Leased Homes, applicant on behalf of T.D. Burke, Owner, requesting that approximately 19.56 +/-acres of real property located north of CR-466A at 305 CR 466-A (the "Property") be rezoned from City of Fruitland Park C-2 and Lake County Agriculture to Mixed Use Planned Unit Development (MPUD) within the city limits of Fruitland Park; and

WHEREAS, the petition bears the signature of all applicable parties; and

WHEREAS, the required notice of the proposed rezoning has been properly published; and

WHEREAS, the City Commission reviewed said petition, the recommendations of the Planning and Zoning Board, staff report and any comments, favorable or unfavorable, from the public and surrounding property owners at a public hearing duly advertised;

NOW, THEREFORE, BE IT ORDAINED by the City Commission of the City of Fruitland Park, Florida, as follows:

Section 1. The following described property consisting of approximately $19.56 \pm acres$ of land generally located north of CR 466-A and located at 305 CR 466-A shall hereafter be designated as MPUD, Mixed Use Planned Unit Development, as defined in the Fruitland Park Land Development Regulations. The property is more particularly described as set forth on **Exhibit** "A" and depicted on the map attached hereto as **Exhibit** "B". The Property shall hereafter be developed according to Master Development Agreement attached hereto as **Exhibit** "C", which includes, but is not limited to, the concept plans attached to the Master Development Agreement. An amendment to the Master Development Agreement shall not require an amendment to this MPUD zoning ordinance.

Section 2. That the City Manager, or designee, is hereby directed to have amended, altered, and implemented the official zoning maps of the City of Fruitland Park, Florida to include said designation consistent with this Ordinance.

Section 3. Severability. If any provision or portion of this Ordinance is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then all remaining provisions and portions of this Ordinance shall remain in full force and effect.

Record and Return to: City of Fruitland Park Attn: City Clerk 506 W. Berckman Street Fruitland Park, Florida 34731

MASTER DEVELOPMENT AGREEMENT

THIS AGREEMENT is entered into and made as of the _____th day of ______, 2022, between the CITY OF FRUITLAND PARK, FLORIDA, a Florida municipal corporation, (hereinafter referred to as the "City"), and T.D. BURKE (hereinafter referred to as the "Owner").

RECITALS

- 1. The Owner desires to rezone approximately $19.56 \pm 10^{\circ}$ acres of property within the City of Fruitland Park, described and depicted as set forth on **Exhibit "A"** attached to and incorporated in this Agreement (hereafter referred to as the "Property").
- 2. The Property is currently located within the City of Fruitland Park and is currently zoned Lake County Agriculture and City General Commercial (C-2) with a future land use designation on the City of Fruitland Park Future Land Use Map of "Commercial High Intensity" and "Multi-Family High Density."
- 3. Owner has filed applications for rezoning for the Property as a Mixed Use Planned Unit Development.
- 4. Owner represents that it is the sole legal owner of the Property and that it has the full power and authority to make, deliver, enter into, and perform pursuant to the terms and conditions of this Agreement and has taken all necessary action to authorize the execution, delivery, and performance of the terms and conditions of this Agreement.
- 5. The City of Fruitland Park has determined that the rezoning of the Property and the proposal for its development presents, among other things, an opportunity for the City to secure quality planning and growth, protection of the environment, and a strengthened and revitalized tax base.
- 6. Owner will fund certain public improvements and infrastructure to facilitate the development of the Property.
- 7. The Property is within the City's Chapter 180, Florida Statutes, utility district, and Owner has requested and City desires to provide water and sewer as well as other municipal services to the Property.

ACCORDINGLY, in consideration of the mutual benefits and the public interest and other good and

valuable considerations, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

Section 1. Recitals. The above recitals are true and correct, are hereby incorporated herein by reference, and form a material part of this Agreement. All exhibits to this Agreement are hereby deemed a part thereof.

Section 2. Conditions Precedent. Owner has filed an application for rezoning for the Property. It is understood and agreed to by the City and the Owner that this Agreement shall not be binding or enforceable as to any party unless and until: a) the City duly adopts the Agreement and adopts an ordinance rezoning the Property. The parties hereto understand and acknowledge that the City is in no way bound to rezone the Property. The City shall have the full and complete right to approve or deny the application for rezoning.

Section 3. <u>Land Use/Development.</u> Development of the Property shall be substantially consistent with the "PUD Conceptual Plan" prepared by Upham, Inc., dated October 13, 2022, and attached as **Composite Exhibit "B"** (which may be referred to as the "Plan" or the "PUD Master Plan" or "Development Plan"). The project shall be developed in accordance with the Permitted Uses set forth below. All development shall be consistent with City's "PUD" (Planned Unit Development) zoning district and, subject to City approval. As set forth further below, all land use issues addressed herein must be adopted by City through its regular procedures before being effective.

Section 4. Permitted Uses. Permitted Uses shall include:

- a. Multi-family apartments not to exceed 240 units.
- b. Recreation amenities.
- c. Day Care Center
- d. Bank
- e. Bars and Lounges
- f. Health and Exercise clubs
- g. Hotel
- h. Medical Office/Clinic
- i. Offices
- j. Restaurants
- k. Veterinary Clinic
- I. Retail Sales and Services

Section 5. Development Standards. Development Standards shall be as follows:

- a. Maximum Impervious Surface Ratio (ISR) 70%
- b. Minimum Open Space 25%, which may include all buffers, recreation and other pervious area not located within platted road right of way.
- c. Maximum Building Height of 45', measured to the mean height of hip or gabled roofs.
- d. Minimum distance between multi-family buildings shall be thirty-five feet (35') measured from building wall to building wall.
- e. Interior buildings shall have a setback of ten feet (10') from the edge of pavement (travel lane).
- f. Minimum Setback requirements, as measured from the PUD perimeter property lines shall be:

i. North: Twenty-five feet (25')

ii. South: Fifty feet (50') from the right of way of CR 466-A

iii. East: Twenty-five feet (25')iv. West: Twenty-five feet (25')

- g. Open space shall not be less than twenty-five (25) percent of the total property area. Stormwater ponds may not be included as open space unless designed as an amenity.
- h. Parking: The Owner will be required to meet the parking requirements of the Fruitland Park Land Development Regulations.
- i. Type "C" Landscape buffers of twenty-five feet (25') shall be provided along the PUD perimeter property boundaries.

Section 6. <u>Commercial Design Standards.</u>

All non-residential development shall meet the design standards of Chapter 154, Section 154.050 through Section 154.070 (inclusive).

Section 7. Multi-Family Design Standards. Design Standards shall be as follows:

- a. Multi-family development shall meet the R-15 MFHDR zoning development standards.
- b. Architectural features All buildings shall utilize at least three of the following design features to provide visual relief along all elevations of the multi- family units. Front doors shall incorporate the following decorative elements: raised decorative panels, decorative glass panels or panes, decorative handles, etc. Designs may vary throughout the development.
 - 1) Dormers
 - 2) Gables
 - 3) Recessed or raised entries
 - 4) Covered porch entries
 - 5) Cupolas
 - 6) Pillars or decorative posts
 - 7) Bay window (minimum 12 inch projections)
 - 8) Eaves (minimum 6-inch projections)
 - 9) Front windows with arched glass tops and minimum 4-inch trim
 - 10) Metal roofs
 - 11) Decorative Corbels and Brackets
- c. Building Materials Exterior building materials contribute significantly to the visual impact of a building on the community. These materials shall be well designed and integrated into a comprehensive design style for the project. The total exterior wall area of each building elevation shall be composed of one of the following:

- i. The exterior wall area may be any type of lap siding and/or stucco, including a "cementitious" lap siding. (A "cementitious" lap siding product is defined as a manufactured strip siding composed of cement-based materials rather than wood fiber-based or plastic-based materials. For example, Masonite or vinyl lap siding would not be allowed under this option.) The exterior may include full width or cast brick or stone.
- ii. All textured stucco, provided there are unique design features such as recessed garages, tile or metal roofs, arched windows etc. in the elevations of the buildings or the buildings are all brick stucco. Unique design features shall be reviewed by the Community Development Director for compliance.
- c. Details, such as, brackets, corbels, decorative panels, may be made from alternative materials, such foam with a hard shell finish.
- d. Buildings shall have landscape areas planted with trees, shrubs or groundcovers, other than sod, around the building as follows:
 - i. Building Perimeter landscaping. A minimum three (3) foot wide landscape area, with an average of five (5) feet or more, around a minimum of forty (40) percent of the total building perimeter and within twenty-five (25) feet of the building walls.
 - ii. Minimum planting requirement. One (1) canopy tree or three (3) understory trees, and twenty-eight (28) shrubs shall be required for every three hundred and fifty (350) feet of planting area in c. 1) above. Trees installed for any other requirement of this subsection c. may be credited towards this requirement if in the required location.

Section 8. Development Phasing. The proposed project may be constructed in phases in accordance with the Planned Unit Development Master Plan (attached as part of these conditions). Changes to the Planned Unit Development Master Plan, other than those conditions described in this agreement, shall be revised in accordance with the Planned Unit Development review process. If such changes are consistent with this Master Development Agreement, the amendment to the Planned Unit Development Master Plan will be processed as a Minor Development under LDC section 160.040.

Section 9. <u>Site Access and Transportation Improvements.</u> Vehicular access to the project site shall be provided by a minimum of one access point on CR 466-A. The access points shall be reviewed during the development review process.

- a. The Owner shall provide all necessary improvements within and adjacent to the development as required by Lake County and City of Fruitland Park.
- b. All roads within the development shall be designed and constructed by the developer to meet the City of Fruitland Park requirements. Drive aisles within parking areas shall not be required to be constructed to City street standards.
- c. Sidewalks shall be provided on both sides of the local internal roads and shall provide cross connections to all recreation and residential areas. Internal road rights-of-ways shall be of sufficient width to contain the sidewalks. All sidewalks shall be constructed in accordance with City of Fruitland Park Codes.
- d. The City of Fruitland Park will not be responsible for the maintenance or repair of any of the roads or transportation improvements. The Owner shall establish an

- appropriate legal entity that will be responsible to pay the cost and perform the services to maintain the roads and transportation improvements, inclusive of all sidewalks.
- e. A traffic/transportation study shall be submitted prior to preliminary plan approval for review and determination of any necessary access improvements if required by Lake County. Said improvements will be the responsibility of the Owner.
- f. At such time that traffic signals are warranted at the proposed project entrance, the Owner shall pay their pro rata share of the cost of the signal(s) as determined by Lake County or the City.

Section 10. <u>Lighting.</u> All exterior lighting shall be arranged to reflect light away from adjacent properties to the greatest extent possible while providing lighting adequate to ensure safety on road right of way and parking areas.

Water, Wastewater, and Reuse Water. Subject to the terms herein, Owner and their Section 11. successors and assigns agree to obtain water, reuse water, irrigation water, and wastewater service (hereafter, "Utilities") exclusively through purchase from City. Owner covenants and warrants to City that it will not engage in the business of providing such Utilities to the Property or within City's F.S. Chapter 180 utility district. Notwithstanding the foregoing, private wells for irrigation purposes will be allowed within the Property so long as such wells are approved and permitted by the St. Johns River Water Management District (the "District") and comply with the rules and regulations of the District. Owner shall construct, at Owner's expense, all on-site utility facilities (e.g. lift stations and lines) as well as pay for the extension of facilities from City's current point of connection. Owner shall also construct, at Owner's expense, "dry" utility lines for reclaimed water purposes. Except as otherwise provided herein, all such improvements must be constructed to City requirements and transferred to City as a contribution in aid of construction. Owner shall own and maintain all onsite water and wastewater improvements including any lift station(s) up to the point of connection at the property line for the wastewater improvements and up to the point of connection to the City water meter for the water utility improvements. Owner shall, at its expense, install fire hydrant(s) and extend utility line(s) as required by the Settlement Agreement entered into between the City of Fruitland Park and Owner in Lake County Case No. 2019-CA-001894.

Section 12. Impact Fees. Owner shall be required to pay impact fees as established by City from time to time, including water and wastewater impact fees. The amount to be paid shall be the adopted impact fee rate at the time the building permit is issued. Owner agrees to pay all impact fees and any impact fees adopted after the execution of this Agreement as building permits are issued. If impact fees increase from the time they are paid until the building permit is issued, Owner shall pay the incremental increased amount at the time building permits are issued.

Prepayment of utility impact fees and acceptance by City of such fees shall reserve capacity. No capacity is reserved until or unless such fees have been paid pursuant to an agreement with City. Owner agrees and understands that no capacity has been reserved and that Owner assumes the risk that capacity will be available. Accordingly, if capacity is available at the time of site plan and City is willing to allocate such capacity to Owner, Owner shall enter into a reservation agreement and any other utility agreements or easements related to the Property as requested by City from time to time.

Section 13. Easements. Owner shall provide the City such easements or right of way in form acceptable to the City Attorney, as the City deems necessary for the installation and maintenance of roads, sidewalks, bikeways, street lighting or utility services, including but not limited to sewer, water, drainage and reclaimed water services.

Section 14. Landscaping/Buffers. Developer has reviewed City's Land Development Regulations relating to landscaping and agrees to comply with such regulations. Owner shall install and maintain a twenty-five foot (25') landscape buffer along the PUD perimeter property boundaries. All landscaping and tree protection shall comply with Chapter 164 of the City of Fruitland Park Land Development Regulations.

Owner shall, at its sole expense, install underground irrigation systems on all common areas of the Property, as well as exercise any other measures reasonably necessary to ensure the long-term maintenance of the landscaping.

Owner shall design and construct, at its sole expense, the interior landscaped areas and islands within the parking areas of the Property in accordance with all applicable City of Fruitland Park Land Development Regulations. Owner shall maintain such areas.

Owner acknowledges City's goal of achieving a greater level of tree preservation within the City. In aid of such goal, Owner agrees to comply with all applicable City of Fruitland Park Land Development Regulations pertaining to tree removal and replacement.

Section 15. <u>Stormwater Management.</u> Owner agrees to provide at Owner's expense a comprehensive stormwater management system consistent with all regulatory requirements of the City and the St. John's River Water Management District. Impacts to flood plains are allowed in accordance with the Water Management District procedures for compensating storage and will be based on the 100-year floodplain established by Lake County.

Section 16. Other Municipal Facilities/Services. The City hereby agrees to provide, either directly or through its franchisees or third party providers, police and fire protection, emergency medical services, and solid waste collection, disposal, and recycling services to the Property under the same terms and conditions and in the same manner as are afforded to all other commercial property owners within the City.

Section 17. Environmental Considerations. The Owner agrees to comply with all federal, state, county, and city laws, rules and regulations regarding any environmental issues affecting the Property.

Section 18. Signage. Owner shall submit a master sign plan as a component of the final site plan (i.e., construction plan) application for the Property. Such plan shall be in compliance with all applicable regulations contained within the City of Fruitland Park Land Development Regulations, unless City grants a waiver or variance pursuant to the City's Land Development Regulations. Alternatively, the Owner, in the Owner's discretion, may apply to amend the PUD to incorporate a Master Signage Plan at the time that the Owner desires to install signage at the development.

Section 19. <u>Title Opinion</u>. Owner shall provide to City, in advance of the City's execution of this Agreement, a title opinion of an attorney licensed in the State of Florida, or a certification by an abstractor or title company authorized to do business in the State of Florida, showing marketable title to

the Property to be in the name of the Owner and showing all liens, mortgages, and other encumbrances not satisfied or released of record.

Section 20. Compliance with City Laws and Regulations. Except as expressly modified herein, all development of the Property shall be subject to compliance with the City Land Development Regulations and City Code provisions, as amended, as well as regulations of county, state, local, and federal agencies. All improvements and infrastructure shall be constructed to City standards.

Section 21. <u>Due Diligence.</u>

The City and Owner further agree that they shall commence all reasonable actions necessary to fulfill their obligations hereunder and shall diligently pursue the same throughout the existence of this Agreement. The City shall further provide all other municipal services to the Property as are needed by Owner from time to time in accordance with the City's applicable policies for the provision of said services.

- **Section 22.** Enforcement/Effectiveness. A default by either party under this Agreement shall entitle the other party to all remedies available at law. This is a non-statutory development agreement which is not subject to or enacted pursuant to the provisions of Sections 163.3220 163.3243, Florida Statutes.
- **Section 23.** Governing Law. This Agreement shall be construed in accordance with the laws of the State of Florida and venue for any action hereunder shall be in the Circuit Court of Lake County, Florida.
- **Section 24. Binding Effect; Assignability.** This Agreement, once effective, shall be binding upon and enforceable by and against the parties hereto and their successors in interest and/or assigns. This Agreement shall be assignable by the Owner to successive owners. Owner shall, however, provide written notice to the City of any and all such assignees. The rights and obligations set forth in this Agreement shall run with the land and be binding on all successors and/or assignees. Owner consents to the placement of a claim of lien on the Property upon default in payment of any obligation herein without precluding any other remedies of City. The parties hereby covenant that they will enforce this Agreement and that it is a legal, valid, and binding agreement.
- **Section 25.** <u>Waiver; Remedies.</u> No failure or delay on the part of either party in exercising any right, power, or privilege hereunder will operate as a waiver thereof, nor will any waiver on the part of either party or any right, power, or privilege hereunder operate as a waiver of any other right, power, privilege hereunder, not will any single or partial exercise of any right, power, or privilege hereunder preclude any other further exercise thereof or the exercise of any other right, power, or privilege hereunder.
- **Section 26. Exhibits.** All exhibits attached hereto are hereby incorporated in and made a part of this Agreement as if set forth in full herein.
- **Section 27.** Notice. Any notice to be given shall be in writing and shall be sent by certified mail, return receipt requested, to the party being noticed at the following addresses or such other address as the parties shall provide from time to time:

Section 28. Entire Agreement. This Agreement sets forth all of the promises, covenants, agreements, conditions, and understandings between the parties hereto, and supersedes all prior and contemporaneous agreements, understandings, inducements or conditions, express or implied, oral or written, except as herein contained. However, the failure of this Agreement to address a particular permit, condition, term, or restriction shall not relieve Owner from complying with the law governing said permitting requirements, conditions, terms or restrictions.

Section 29. <u>Term of Agreement</u>. The term of this Agreement shall commence on the date this Agreement is executed by both the City and Owner, or the effective date of the annexation of the Property, whichever occurs later, and shall terminate twenty (20) years thereafter; provided, however, that the term of this Agreement may be extended by mutual consent of the City and the Owner, subject to a public hearing.

Section 30. Amendment. Amendments to the provisions of this Agreement shall be made by the parties only in writing by formal amendment.

Section 31. Severability. If any part of this Developer's Agreement is found invalid or unenforceable in any court, such invalidity or unenforceability shall not effect the other parts of this Developer's Agreement, if the rights and obligations of the parties contained herein are not materially prejudiced and if the intentions of the parties can be effected. To that end, this Developer's Agreement is declared severable.

IN WITNESS WHEREOF, the Owner and the City have executed this Agreement as of the day and year first above written. OWNER: SIGNED, SEALED AND DELIVERED IN THE PRESENCE OF: Witness Signature T.D. COMPOSITE EXHIBIT "B" Master Development Agreement	

COMPOSITE EXHIBIT "B"

Exhibit "C"

The Hawthorns at Fruitland Park Property Rezoning Justification Narrative

Subject Real Estate: Two (2) parcels which combine for 19.58 acres located at 305 CR 466A. Alt Key

1699649 ("South Parcel") is located within the City of Fruitland Park, and Alt Key

3884325 ("North Parcel") is located in unincorporated Lake County.

Justification Narrative

The applicant, **Luxury Leased Homes**, is filing for a Rezoning application to change the current zoning district from C-2 and A to a Mixed-Use PUD for Parcel Alternate Key Numbers1699649 and 3884325 located at 305 CR 466A. This request is accompanied by a concurrent Small Scale Comprehensive Plan amendment to change the Future Land Use to Multi-Family High Density on the North Parcel (Alt Key 3884325).

The parcel's South Parcel (Alt Key 1699649) is currently zoned commercial and is located within the City of Fruitland Park with 4.57± acres, while the North Parcel (Alt Key 3884325) is located with Lake County and is zoned agricultural with 15.00± acres. The County parcel is proposed to be annexed into the City of Fruitland Park with a concurrent application creating a 19.57± acre overall development parcel.

The project, termed The Hawthorns at Fruitland Park, will allow no more than 240 dwelling units and permit the construction of residential and commercial buildings, and related amenities, consistent with Chapter 154 of the Land Development Code and the Comprehensive Plan.

Existing structures on the property include a previous BBQ restaurant, residential structure and landscape company facilities, all of which will be demolished. New commercial structures shall comply with the City's Non-Residential Design Criteria.

The development proposes one (1) curb cut off County Road No. 466-A (CR 466A) for ingress and egress. CR 466A (Miller Boulevard) is a four-lane divided arterial roadway with a full median opening. A second access point will connect onto the area known as "Oliver Lane", which eventually will connect onto the access road at the Benchmark "The Commons" retail center. Sidewalks are currently located on both sides of CR 466A with proposed tie-ins from the development to promote pedestrian accessibility.

The requested change is necessary to serve the residential development consisting of an upscale apartment community providing a need within the City of Fruitland Park and allow a larger density of residential uses to be accommodated within the development. The Hawthorns at Fruitland Park will be a Class A maintenance-free residential community serving professionals in the healthcare and financial services industry in The Villages. The community will NOT be age-restricted.

The proposed change is consistent with the Comprehensive Plan Future Land Use Element – Multi-Family High Density Residential accordance with Policy 1-1.7 which is consistent with the recent development trends in the area. To the south of CR 466A is The Villages with existing residential units.

The existing land use pattern of the surrounding area consist of the following:

The adjacent property to the east is Zoned C-2 and is occupied by Savannah Oaks; to the north 3- to 5-acre homesteads located within Lake County, to the west is the recently approved Commercial High Intensity; to the south is CR 466A and then The Villages zoned PUD. This proposed zoning category is compatible with the existing, adjacent zoning categories and existing uses, as the Hawthorns will serve to transition from the highly urban Commons project to the north and east. The Hawthorns proposes a 35' Landscape Buffer along the North and East property lines; additionally, the Hawthorn's stormwater detention facility has been designed along the East property line to provide an additional buffer.

<u>Schools</u> - The proposed development will add up to 255 residential dwelling units to the City of Fruitland Park thus increasing the potential number of students in the nearby elementary, middle and high schools. The potential impact to the local school system is projected, by Lake County Schools, follows:

 72 new students are projected to be generated, based on an amended application of 255 apartment homes

A "School Concurrency Application & Service Provider" was submitted to Lake County Schools by the Applicant. On 2/16/22, Ms. Helen Lavalley of the Lake County School District issued a School Concurrency Capacity Reservation (attached) noting that "The Analysis performed indicates the level of service standards for each school level will not be exceeded by the students generated from this residential development." In follow up correspondence, petitioner submitted an amended application to Lake County Schools, with a new School Concurrency Capacity Reservation issued on 8/23/22 (attached).

<u>Streets</u> - The property frontage is on County Road 466 A (Miller Boulevard). This is a Lake County maintained roadway. Comments have been received from Lake County Public Works, and incorporated into the design of The Hawthorns.

<u>Recreation and Open Space</u> – The residential development is proposing to provide onsite amenities to provide recreational services and proper open space for their residents. A clubhouse with swimming pool, children's playground, outdoor exercise trail and dog parks will be included.

<u>Environmental Considerations</u> - The proposed development will not have an adverse effect on environmentally sensitive systems as no potential, jurisdictional wetlands have been identified on the property. The southern property has an existing ERP Water Management District permit from the St. Johns River Water Management District.

Six (6) gopher tortoise burrows were the only protected species of wildlife observed on the property and will be permitted through the proper agencies if required.

Potable Water, Wastewater and Reuse Water

This development is currently served by well and septic facilities. There is an existing wastewater line running along CR 466A in front of the parcel which may be utilized to provide service to the development. However, the closest water facility is located to the east at the intersection of CR 466A and Micro Racetrack Road. Reclaimed water is not currently available for irrigation, however, current regulations require a dry line be installed for this service when it becomes available.

Stormwater

The project will design and permit the stormwater system with the Saint Johns River Water Management District as well as the City's design requirements.

<u>Transportation</u> – The Transportation Element of the Comprehensive Plan identifies CR 466A as being within the jurisdiction of Lake County as an arterial for the City of Fruitland Park.

A Traffic Impact Analysis conducted by Traffic Impact Group, LLC dated August 16, 2022 states the development proposes to generate 28 entering trips and 90 exiting trips in the AM peak hour and 100 entering and 66 exiting trips in the PM peak hour are attributed to the development. CR 466A analysis indicates the roadway segment is projected to continue to operate at an acceptable level of service. A right turn lane, along west-bound CR 466A, will be provided, which meets Lake County criteria.

Therefore, the report notes the development does not cause a capacity deficiency on the adjacent roadway and it is expected to continue to operate in acceptable level of service.

Maintenance of Common Areas

Maintenance and operation of the common areas within the development shall be the responsibility of the property owner or its designee such as a property association, at no cost or obligation to the City.

Conclusion

The application for rezoning from Commercial and Agricultural to Residential Planned Development is consistent with the Comprehensive Plan Multi-Family High Density Residential Future Land Use Designation proposed for the property. The proposed commercial and residential uses are consistent with the existing zonings and uses within the surrounding area.

As noted, there are adequate public facilities to serve the development. With the development of The Villages, additional development has brought changing conditions to the area making the proposed request consistent with the surrounding area. The proposed change is not anticipated to excessively increase traffic congestion or be otherwise detrimental to public safety as noted in the request. The proposed change is not anticipated to be a deterrent to the improvement or development of adjacent properties with its purpose to promote health, safety, morals and general welfare of the citizens, residents and businesses of the City of Fruitland Park.

LEGAL DESCRIPTION: NORTH PARCEL

A PARCEL OF LAND LYING IN A PORTION OF THE WEST 1/2 OF THE NORTHEAST 1/4 OF THE SOUTHWEST 1/4 OF SECTION 6, TOWNSHIP 19 SOUTH, RANGE 24 EAST, LAKE COUNTY, FLORIDA, BEING MORE PARTICULARLY DESCRIBED AS FOLLOWS:

CITY OF FRUITLAND PARK STAFF REPORT BY LPG URBAN & REGIONAL PLANNERS, INC.

ANNEXATION/SSCPA/PUD

Owner(s): T D Burke

Applicant: Luxury Leased Homes USA, LLC – Jose Kreutz

General Location: 305 CR 466A, Fruitland Park, Florida

Number of Acres: 19.56 ± acres

Existing Zoning: Lake County A, Agriculture & Fruitland Park C-2

Existing Land Use: Lake County Rural & Fruitland Park Commercial High

Intensity

Proposed Zoning Mixed Use PUD

Proposed Land Use: Multi-Family High Density & Commercial High Intensity

Date: October 14, 2022

Description of Project

The subject property consists of two properties; a 4.57-acre parcel (Alt Key 1699649) in the city limits with frontage on CR-466A, developed with the Burke's BBQ restaurant and an office building along with a 14.98-acre parcel (Alt Key 3884325) to the north of the existing restaurant in Lake County developed with a landscaping business and nursery. The applicant is requesting to annex the 14.98-acre parcel (Alt Key 3884325) into the city limits and add it to the existing Burke's BBQ parcel (Alt Key1699649) to allow construction of a mixed-use project consisting of 240 multi-family apartments, associated recreation and 2.71 acres of general commercial.

A companion small-scale comprehensive plan map amendment is requested for the northern 14.98 +/- acre subject property amending the future land use from Lake County Rural to Multi-Family High Density (15 units/acre). A concurrent rezoning amendment is proposed for the entire site from Lake County Agriculture and C-2 to PUD. The concept plan shows the location of the multi-family units and residential supporting facilities including a community building with leasing office, pool, located adjacent to CR-466A with commercial lots along CR 466A. The proposed density of the PUD is 12.27 units per acre. The existing Burke's Restaurant will be demolished to allow construction of the development.

The immediate surrounding properties are zoned for C-2 and intended for high intensity commercial uses. The subject property is located immediately north of the Villages of Fruitland

Park, consisting of primarily single-family homes and supporting neighborhood commercial use. The existing area has a mix of uses.

	Surrounding Zoning	Surrounding Land Use
North	County Agriculture and R-7	County Rural
South	Village of Fruitland Park DRI	Village of Fruitland Park DRI
East	Commercial	C-2
West	County Agriculture, Commercial	County Rural, C-2

Table 1. Surrounding Property Uses

Assessment

Concept Plan

The concept plan meets the minimum technical requirements of the LDRs.

Annexation

The southern parcel is located within the City limits. The request is to annex the northern 14.98 acres into the City limits. The existing use on the property is a landscaping company and plant nursery. The adjoining properties to the east are within the City limits. The property is contiguous to the City limits on the south side as well.

Small Scale Comprehensive Plan Amendment & Rezoning-Planned Unit Development

The request is to amend the future land use from Lake County Rural to Multi-Family High Density (15 units/acre) on 14.98 acres.

Schools-

A School Capacity Reservation letter has been provided with the application.

Recreation

The concept plan identifies a clubhouse, pool, pickleball courts, small park area, and one (1) dog park for recreational amenities.

<u>Traffic-</u> A traffic study prepared by Traffic Impact Group, LLC, dated August 2022 was submitted. The report states that CR-466A will continue to operate at an appropriate level of service with the additional traffic attributed to the proposed development.

<u>Environmental Assessment-</u> An environmental assessment prepared by Modica & Associates, Inc dated October 2021 was submitted. The report identified the presence of gopher tortoise burrows. A letter from Modica & Associates, Inc. dated March 2022 indicates that there are no WOTUS jurisdictional wetlands onsite. A sand skink survey exemption was granted by the FWC.

Recommendation

Annexation

The subject property is contiguous to the city limits and therefore is eligible for annexation.

Small Scale Comp Plan Map Amendment

The proposed amendment to MFHD is compatible with adjacent land uses and consistent with the comprehensive plan, will not degrade level of service for public facilities, and meets the following policies (among others):

FLU Policy 1-1.2, Table 1-13

FLU Policy 1-1.7 – MF High Density

FLU Policy 1-2.1 – Promote Orderly Growth

FLU Policy 1-2.2 – New Development

Rezoning

The requested mixed-use PUD is consistent with the LDRs and comprehensive plan. The proposed PUD provides for residential, recreation and commercial uses. The proposed plan provides buffers to mitigate the adjacent land uses.

ORDINANCE 2022-023

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF FRUITLAND PARK, FLORIDA, PROVIDING FOR A SMALL SCALE COMPREHENSIVE PLAN AMENDMENT BY AMENDING THE FUTURE LAND USE PLAN DESIGNATION FROM LAKE COUNTY RURAL TO CITY MULTI-FAMILY HIGH DENSITY ON 14.98 +/- ACRES OF PROPERTY GENERALLY LOCATED NORTH OF CR 466A AND EAST OF OLIVER LANE; DIRECTING THE CITY MANAGER OR DESIGNEE TO TRANSMIT THE AMENDMENT TO THE APPROPRIATE GOVERNMENTAL AGENCIES PURSUANT TO CHAPTER 163, FLORIDA STATUTES; AUTHORIZING THE CITY MANAGER TO AMEND SAID COMPREHENSIVE PLAN; PROVIDING FOR SEVERABILITY, CONFLICTS AND SCRIVENER'S ERRORS; REPEALING ALL ORDINANCES IN CONFLICT HEREWITH; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a petition has been received from Luxury Leased Homes, applicant on behalf of T.D. Burke, as Owner, requesting that real property within the city limits of the City of Fruitland Park be assigned a land use designation of "Multi-Family High Density" under the Comprehensive Plan for the City of Fruitland Park; and

WHEREAS, the required notice of the proposed small scale comprehensive plan amendment has been properly published as required by Chapter 163, Florida Statutes; and

WHEREAS, the Planning and Zoning Commission of the City of Fruitland Park and the Local Planning Agency for the City of Fruitland Park have reviewed the proposed amendment to the Comprehensive Plan and have made recommendations to the City Commission of the City of Fruitland Park.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF FRUITLAND PARK, FLORIDA, AS FOLLOWS:

Section 1: The following described property consisting of approximately $14.98 \pm \text{acres}$ generally located north of CR 466A and east of Oliver Lane as described and depicted as set forth on Exhibit "A" shall be assigned a land use designation of Multi-Family High Density under the City of Fruitland Park Comprehensive Plan as depicted on the map attached hereto as Exhibit "B" and incorporated herein by reference.

Section 2: A copy of said Land Use Plan Amendment is filed in the office of the City Manager of the City of Fruitland Park as a matter of permanent record of the City, matters and contents therein are made a part of this ordinance by reference as fully and completely as if set forth herein, and such copy shall remain on file in said office available for public inspection.

Section 3. Direction to the City Manager.

Upon the Effective Date of this ordinance, the City Manager is hereby authorized to amend the comprehensive plan and future land-use map as identified herein after compliance with F.S. 163.3187 and F.S. 163.3184(11).

Section 4: Severability.

Ordinance 2022-Page 2

If any provision or portion of this Ordinance is declared by any court of competent jurisdiction to be void, unconstitutional, or unenforceable, then all remaining provisions and portions of this Ordinance shall remain in full force and effect.

Section 5: All ordinances or parts of ordinances in conflict herewith are hereby repealed.

Section 6: Scrivener's Errors.

Scrivener's errors in the legal description may be corrected without a public hearing or at public meeting, by re-recording the original ordinance or a certified copy of the ordinance and attaching the correct legal description.

Section 7. Adoption

After adoption, a copy hereof shall be forwarded to the Department of Economic Opportunity.

Section 8: This Ordinance shall become effective 31 days after its adoption by the City Commission. If this Ordinance is challenged within 30 days after its adoption, it may not become effective until the state land planning agency or Administrative Commission, respectively, issues a final order determining that this Ordinance is in compliance. No development permits or land uses dependent on this amendment may be issued or commence before it has become effective.
