# INTRODUINTRODUCTORY SECTION

Tel. (352) 360-6727 Fax. (352) 360-6686

February 24, 2012

To the Honorable Mayor, Members of the City Commission, and Citizens of the City of Fruitland Park, Florida:

Comprehensive Annual The Financial Report (CAFR) for the City of Fruitland Park, Florida, for the fiscal year ended September 30, 2011 is hereby submitted pursuant to Statutes Chapter 218.39 Florida Chapter 10.550 of the Rules of the Auditor General of the State of Florida. State law requires an annual financial audit of local government entities be completed no later than nine months after the end of the fiscal year. This CAFR is published to fulfill this requirement for the fiscal year ended September 30, 2011 and to provide the city commission, city citizens, creditors and other interested parties with concerning detailed information financial condition and activities of the City.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, which is based on a comprehensive framework of internal controls established for this purpose. Because the cost of the internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of

proper recording of financial transactions. In addition, we believe the information

contained in this report is presented in a manner designed to fairly set forth the financial position and results of operation of the City as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain a maximum understanding of the City's financial affairs are included.

The City of Fruitland Park maintains budgetary controls to ensure compliance with legal provisions contained in the annual appropriated budget approved by the City Commission. Annual budgets are legally adopted for the activities of the General Fund, Redevelopment Fund, Capital Projects Fund, Utility Fund and the Recreation Programs Fund. Budgets are controlled at the department level and total expenditures may not legally exceed appropriations for each budgeted department without Commission approval. Encumbrance accounting is utilized to reserve the encumbered portion of the appropriation.

The City of Fruitland Park's financial statements been audited have accordance with generally accepted auditing standards by Shumacker, Johnston & Ross, P.A., Certified Public Accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City of Fruitland Park are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and estimates made by management; and evaluating the overall financial statement presentation. Shumacker Johnston & Ross concluded, based upon the audit, that there is reasonable basis for rendering an unqualified ("clean report") opinion that the City of Fruitland Park's financial statements for the fiscal year ending September 30, 2011, are fairly presented in conformity with generally accepted accounting principles (GAAP). The independent auditor's report is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A), immediately follows independent auditor's report and provides a narrative introduction, overview, analysis of the basic financial statements. The MD&A provides "financial highlights" and interprets the financial report by analyzing trends and by explaining changes, fluctuations and variances in the financial data. This of transmittal letter complements the MD&A and should be read in conjunction with it.

#### **Profile of the City**

The City of Fruitland Park is operated under a Commission-Manager form of government. Policymaking and legislative authorities are vested in the City Commission that consists of a Mayor and four other members. The Mayor presides over commission meetings and public ceremonies. The Commission is non-partisan and the members are elected to four year staggered terms. The City Commission is responsible, among other things, for passing ordinances, adopting the

budget, appointing boards, and hiring the City Manager, City Treasurer, City Clerk, City Attorney and the City Auditor. The City Manager is responsible for carrying out the policies of the Commission, overseeing the day-to-day operations and appointing department heads.

The City of Fruitland Park, incorporated in 1927, is located in central Florida. It is empowered by Florida Statute to extend its corporate limits by annexation, which it does from time to time. Fruitland Park has a population of 4,145 and a land area of approximately 6.58 square miles. The City's property tax millage rate is 4.36 mils for fiscal year 2011.

The City of Fruitland Park provides a full range of services to its residents. These services include a public library, police and fire protection, the construction and maintenance of local streets, and recreational and cultural activities. The City also maintains and operates water and wastewater utilities. Garbage collection and disposal services are provided by way of an exclusive franchise agreement with Waste Management Inc.

The annual budget serves as the foundation for the City of Fruitland Park's financial planning and control. All department heads are required to submit requests for appropriation to the City Manager. The City Manager uses these requests as a starting point for developing a proposed budget and then presents the proposed budget to the City Commission for review. The City Commission is required to hold public hearings on the proposed budget and adopt

a final budget by no later than September 30<sup>th</sup>, the close of the fiscal year. The City Manager and Department Heads may transfer resources within a department as necessary; however transfers between departments require special approval (budget amendment by resolution) from the City Commission. The City of Fruitland Park utilizes an encumbrance accounting system to maintain budgetary control. These encumbrances lapse at year-end.

#### Local economy

Fruitland Park, which is located in northwest Lake County, is essentially residential in character and its economy is primarily centered in retail trade and service industries. Fruitland Park is located in the triangle between Leesburg, Lady Lake and The Villages, the largest residential retirement community in the state.

Fruitland Park, like other communities nationwide, has been impacted by the decline in the economy and housing markets. Development continues but at a much slower and less intense pace than a few years earlier. Last year's annexation put development in prime position for quick startup once market conditions improve.

The Florida Department of Transportation recently began a major construction project for U.S. Highway 27/441 in Fruitland Park. This project is expanding the City's main corridor from four to six lanes. Expansion design from two to four lanes of the City's second major thoroughfare, 466A, is complete and purchase of right of way is underway. Construction is expected to begin in the near future.

New to our city, Smart Fuels Florida LLC, owns and operates a biodiesel refinery that produces bio-diesel from waste cooking oil. Currently in the planning stage are plans for a new restaurant on 466A. Burkes BBQ will create 25 new jobs.

There are 390 licensed businesses in Fruitland Park as of September 30, 2011.

Businesses looking to build or relocate in Lake County can take advantage of various incentives. Lake County's Department of Economic Growth and Redevelopment sponsors several Business Incentive programs.

Review Appropriate to Priority in Development (RAPID) is a new program that provides expedited plan review and inspections affecting construction of a facility in a time frame to meet corporate goals/deadlines of the organization.

High Value Job Creation Program (HVJCP) is a new program designed to encourage and target industry businesses that offer significant economic benefit and create high-value jobs. This program provides a cash award for the creation of jobs that pay a minimum of 115% of the County's average annual wage.

The Artist Relocation Program (ARP) is designed to encourage arts and culture in downtown art districts by providing matching funds to new or relocating art businesses to offset building improvement costs.

Lake County along with Lake Sumter Community College, the Sumter County Economic Development Council and other local economic development-oriented established the **Business** agencies Assistance Center; a partnership to help new and nurture existing businesses. This partnership provides small-business mentoring and is a resource when small businesses hit the inevitable bump or hurdle.

Affordable land and a pro-business approach contributes to the areas overall success in attracting new business. Large distributors such as Marriott, Domino's Pizza, Toyota and Goodyear Tire and Rubber Company have located in Lake County because of the central location, which allows for easy and efficient distribution throughout the state.

Lake County's December 2011 unemployment rate was 9.9%. This is down from 11.9% for the same time period last year. This rate is slightly higher than the state average of 9.7% and higher than the national average of 8.7% for the same period.

#### **Major Initiatives**

In effort to attract quality business along US Highway 27/441, the City of Fruitland Park constructed a 98,000 gallons per day wastewater collection, transmission and treatment facility. These improvements enhanced the City's ability to attract and service customers along the commercial corridor. At the end of fiscal year 2011, 275 customers were connected to the City's wastewater system. The City of Fruitland

Park financed construction of this project (\$2,161,586— 40 semi-annual payments over 20 years) utilizing the Department of Environmental Protection's State Revolving Fund low interest (2.52%) loan program.

#### Long Term Financial Planning

Lake County voters renewed a One-Cent Discretionary Infrastructure Surtax on November 6, 2002. This tax, authorized through December 31, 2017, provides a funding source for infrastructure and capital projects. Among other projects, the City pledged these dollars for debt service on City Hall. The eighth of ten annual payments was made in February 2011 leaving an outstanding principal balance of \$230,383 on this loan.

At September 30, 2011 the unreserved, undesignated fund balance in the General Fund increased from 2.54 to 3.00 months of current General Fund expenditures. figure is over the "no less than one to two months of regular general fund operating expenditures" provided for in Government Finance Officers Association's Appropriate Level of Unreserved Fund Balance recommendation; however it is at the minimum range of the 3-6 months of expenditures informally operating established by the City for budgetary and planning purposes.

#### **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Fruitland Park for its Comprehensive Annual Financial Report

(CAFR) for the fiscal year ending September 30, 2010. This is the twelfth consecutive year that the City of Fruitland Park has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles applicable legal and requirements.

A Certificate of Achievement is valid for a period of one year only. We believe this Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and will submit it to GFOA to determine its eligibility for another Certificate.

This report represents numerous hours of preparation and it would not have been possible without the dedicated efforts of the finance department staff. We would like to express our appreciation to staff members who assisted and contributed to the preparation of this report. Special recognition is given to finance department employees and to the Certified Public Accounting Firm of Shumacker, Johnston & Ross, who worked diligently to ensure the timeliness and accuracy of this report. We also thank the Mayor and Commission Members for their interest and support in planning and conducting the operations of the City in a responsible and professional manner.

Respectfully Submitted

Ralph O. Bowers, City Manager

leannine Racine MIchaud, City Treasurer

#### INDEPENDENT AUDITOR'S REPORT

February 23, 2012

Honorable Mayor and Members of the City Commission City of Fruitland Park, Florida

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fruitland Park, Florida as of and for the year ended September 30, 2011, which collectively comprise the City's basic financial statements, and the individual fund financial statements of the City of Fruitland Park, Florida as of and for the years ended September 30, 2011 and 2010, as listed in the table of contents. These financial statements are the responsibility of the City of Fruitland Park, Florida's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fruitland Park, Florida as of September 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof, and the respective budgetary comparison for the General Fund and Community Redevelopment Fund, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Also, in our opinion, the individual fund financial statements as of September 30, 2011 and 2010, and for the years then ended, present fairly, in all material respects, the financial position of each of the individual funds of the City of Fruitland Park, Florida, as of September 30, 2011 and 2010, and the results of operations of such funds and the cash flows of individual proprietary funds for the years then ended in conformity with accounting principles generally accepted in the United States of America.

City of Fruitland Park February 23, 2012 Page 2

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2012 on our consideration of the City of Fruitland Park's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 12 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Fruitland Park, Florida basic financial statements and on the individual fund financial statements. The financial information listed as Schedule of Budgetary Compliance and Capital Assets Used in the Operation of Governmental Activities in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements of the City of Fruitland Park, Florida. The information in these schedules has been subjected to the auditing procedures applied in the audit of the basic and individual fund financial statements, and, in our opinion, is fairly presented in all material respects in relation to the financial statements of each of the respective individual funds taken as a whole. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The accompanying information listed under Statistical Section in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements of the City of Fruitland Park, Florida. Such information has not been subjected to the auditing procedures applied in the audit of the basic and individual fund financial statements, and, accordingly, we express no opinion on it.

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

As management of the City of Fruitland Park, Florida (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Fruitland Park for the fiscal year ended September 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information furnished in our letter of transmittal, which can be found on pages i – v of this report.

As with other sections of this financial report, the information contained within this MD&A should be considered only a part of a greater whole. We encourage readers to consider all sections of this report including the financial statements, the notes to the financial statements and other supplementary information that is provided in addition to this MD&A.

#### FINANCIAL HIGHLIGHTS

- The assets of the City exceeded its liabilities at the close of the fiscal year by \$9,850,789 (net assets). Of this amount, \$939,062 or 9% is unrestricted net assets which may be used to meet the City's ongoing obligations to citizens and creditors in accordance with the City's fund designation and fiscal policies.
- The City's total net assets decreased \$178,959. Net assets for governmental activities decreased \$177,865 and net assets for business activities decreased \$1,094.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$2,124,633. Forty percent of this amount or \$851,850 is unreserved and available for spending in accordance with the City's fund designation and fiscal policies.
- The City's total long term debt decreased \$235,382 during the fiscal year. The reduction is due
  to scheduled debt service payments on the wastewater collection and transmission system,
  City Hall, and the fire pumper.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$851,850 or 24% of total General Fund expenditures. This is a \$85,242 increase over the \$766,608 balance for the prior year.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City of Fruitland Park's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

**Government-Wide Financial Statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Fruitland Park's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City of Fruitland Park's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Fruitland Park that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Fruitland Park include general government, public safety, transportation (which includes roads and street maintenance), sanitation and culture and recreation. The business-type activities of the City of Fruitland Park include an enterprise fund to account for the water and wastewater utility services. The government-wide financial statements do not include any component units and can be found on pages 13-15 of this report.

**Fund Financial Statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Fruitland Park, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Fruitland Park can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

The City of Fruitland Park maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Community Redevelopment Fund and the Capital Projects Fund. The General, Redevelopment and Capital Project funds are major funds.

The City of Fruitland Park adopts an annual appropriated budget for all governmental funds. Budgetary comparison schedules are provided for these funds to demonstrate budgetary compliance. Governmental fund financial statements can be found on pages 17-21 of this report.

**Proprietary Funds.** The City of Fruitland Park maintains two proprietary funds; the Utility Fund and the Recreation Programs Fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government—wide financial statements. The City of Fruitland Park uses an enterprise fund to account for its water and sewer operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Utility Fund is a major fund of the City. The basic proprietary fund financial statements can be found on pages 22-26 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the City of Fruitland Park's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The fiduciary funds include a pension trust fund for the volunteer firefighters and a pension trust fund for the City's general employees. The basic fiduciary fund financial statements can be found on pages 27-28 of this report.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 29-48 of this report.

**Other Information.** In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary* information concerning the City of Fruitland Park. Required supplementary information can be found on page 49 of this report.

Individual fund statements and schedules can be found on pages 54-82 of this report.

#### **GOVERNMENT-WIDE FINANCIAL ANAYLSIS**

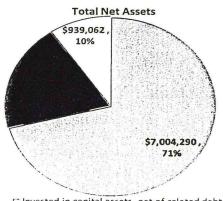

**Statement of Net Assets.** As noted earlier, over time net assets may serve as a useful indicator of a government's financial position. In the case of the City of Fruitland Park, assets exceeded liabilities by\$9,850,789 as of September 30, 2011. The following table reflects the condensed statement of net assets for the current fiscal year compared to the prior year.

#### Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

#### CITY OF FRUITLAND PARK - NET ASSETS

|  | Governmental Activities |              | Business-ty  | pe Activities | Total       |               |

| Invested in capital assets,                            |                         |              |              |               |             |               |
| net of related debt                                    | 3,747,502               | 3,736,577    | 3,256,788    | 3,227,368     | 7,004,290   | 6,963,945     |
| Restricted   | 1,247,438               | 1,508,927    | 659,999      | 561,529       | 1,907,437   | 2,070,456     |
| Unrestricted   | 855,281                 | 782,582      | 83,781       | 212,765       | 939,062     | 995,347       |
| Total net assets                                       | \$ 5,850,221            | \$ 6,028,086 | \$ 4,000,568 | \$ 4,001,662  | \$9,850,789 | \$ 10,029,748 |

The largest portion of the City's net assets (\$7,004,290 or 71%) reflects its investment in capital assets (e.g., land, buildings and system improvements other than buildings, equipment, and infrastructure); less any related debt used to acquire those assets that is outstanding. The City of Fruitland Park uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Fruitland Park's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

🖂 Invested in capital assets, net of related debt

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

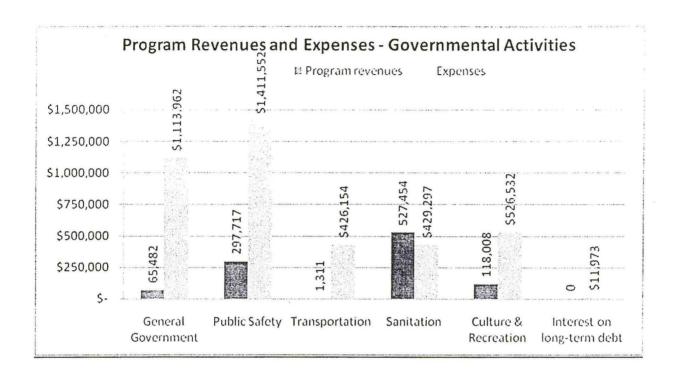

An additional portion of the City of Fruitland Park's net assets (\$1,907,437 or 19%) represents resources that are subject to external restrictions on how they may be used. The remaining balance, unrestricted net assets (\$939,062 or 10%), may be used to meet the government's ongoing obligations to citizens and creditors.

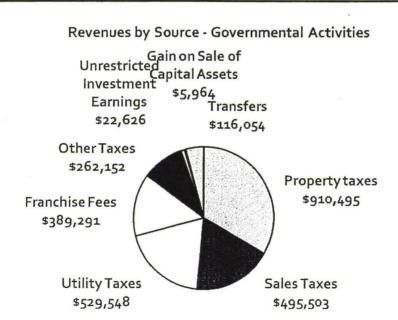

At the end of the current fiscal year, the City of Fruitland Park is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

**Statement of Activities.** As noted earlier, the statement of activities presents information showing how the City's net assets changed during the year. The following table reflects the condensed statement of activities for the current fiscal year as compared to the prior fiscal year.

|                                       | CITY OF FRUITLAND PARK'S CHANGES IN NET ASSETS |                  |             |                  |             |               |

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

**Business-Type Activities.** Business-type activities decreased the City's net assets by \$1,094. The main reasons for the relatively small decrease are increased expenses due to the increased costs to renew the City's Consumptive Use Permit (CUP) offset by a one-time transfer of \$105,000 from the Community Redevelopment Fund for its proportionate share.

#### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

1. COMP. C.

As noted earlier, the City of Fruitland Park uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, the *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of fiscal year 2011 the City's governmental funds reported combined ending fund balances of \$2,124,633. Approximately 40% of this total amount (\$851,850) constitutes the unassigned fund balance. The remainder of the fund balance has certain degrees of spending constraints to indicate that it is not available for new spending. Restricted: 1) to provide for police education (\$42,533), 2) police equipment (\$57,242), 3) police automation (\$5,814), 4) public safety capital improvements (\$261,041), 5) redevelopment (\$311,594) 6) infrastructure (\$367,075); Committed: 1) cemetery care (\$120,692), 2) storm-water utility (\$81,447); Nonspendable: 1) prepaid items (\$25,345).

The General Fund is the primary operating fund of the City. As of the end of fiscal year 2011 the fund balance of the General Fund increased \$72,107, from \$1,373,857 to \$1,445,964. As a measure of the General Fund's liquidity, it is useful to compare the unassigned fund balance to total expenditures. The unassigned fund balance, which represents 25% of General Fund's current expenditures, increased \$85,242 from \$766,608 to \$851,850.

**Proprietary funds.** The City's proprietary fund statements provide the same type of information found in the government-wide financial statements, but in more detail.

At the end of fiscal year 2011 the City's Utility Fund reported total net assets of \$3,989,179. Of this amount \$3,256,788 or 81% is invested in capital assets (net of related debt); \$596,573 is restricted for utility capital improvements; \$63,426 is restricted for debt service and \$72,392 is unrestricted. Utility Fund net assets decreased \$5,278 from \$3,994,457 in 2010 to \$3,989,179 at September 30, 2011.

As of September 30, 2011 the City's Recreation Programs Fund reported unrestricted net assets of \$11,389, an increase of \$4,184 compared to the prior fiscal year.

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

Revisions to the original appropriation resulted in a decrease in the original budget of .98% or – (\$43,897). The original fiscal year 2011 General Fund budget was balanced by appropriating \$1,257 of unassigned fund balance. The unassigned fund balance increased \$85,242 from \$766,608 in 2010 to \$851,850 in fiscal year 2010.

#### **CAPITAL ASSETS**

The City's investment in capital assets for its governmental and business-type activities as of September 30, 2011, amounts to \$8,908,272 (net of depreciation). Capital assets are summarized below.

### CITY OF FRUITLAND PARK'S Capital Assets (net of depreciation)

Additional information on the City's capital assets can be found in Note 5 on page 36 & 37 of this report.

#### LONG-TERM DEBT

The City owns and operates a municipal water supply system which provides service to both the incorporated and unincorporated areas of Fruitland Park. To encourage and provide for commercial growth along the US 27/441 corridor, the City purchased approximately 19.3 acres off of Spring Lake Road to construct a wastewater collection, transmission and treatment plant. In 2005 the City executed an agreement with Florida Department of Environmental Protection under the State Revolving Loan Program for \$2,347,338 to fund the construction of this project. Semiannual loan payments each in the amount of \$68,834 (\$8,165 for the pre-construction; \$60,669 for the

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

construction loan) began in August 2006. The City is using sewer impact fees and/or discretionary tax to repay the debt.

At the end of fiscal year 2011, the City's long-term debt decreased \$215,386 from \$2,206,981 to \$1,991,595. The outstanding balance includes a \$230,383 note for City Hall, \$188,782 State Revolving Fund (SRF) loan balance for preconstruction planning and engineering of the sewer utility system, \$1,466,149 for a SRF loan for the construction of the wastewater collection and treatment system, \$30,385 for a fire pumper truck and \$4,546 for a video system lease. The City also reports a long-term liability of \$71,350 for compensated absences.

Additional information on the City's long-term debt can be found in Note 6 on pages 38-40 of this report.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The City's final taxable value of commercial and residential property decreased \$16,061,386 or 8.1% from \$198,350,231 in fiscal year 2010 to \$182,288,845 in fiscal year 2011. Considering this and the City's ad-valorem tax rate remained the same at 4.36 mills for 2011, the City still collected 99% of the prior year. This includes collection of delinquent taxes.

On January 29, 2008 the Florida electorate approved an amendment to the Florida Constitution relative to property taxes. This amendment (referred to as Amendment 1) became effective on January 1, 2008. With respect to homestead property, Amendment 1 increases the current \$25,000 homestead exemption another \$25,000 (for property values between \$50,000 - \$75,000), except for school district taxes. Amendment 1 also allows property owners to transfer (make portable) up to \$500,000 of their Save Our Homes benefits to their next homestead when they move. Save Our Homes became effective in 1992 and limits or caps the annual increase in assessed value for homestead property to three percent (3%) or the percentage change in the Consumer Price Index, whichever is less.

With respect to non-homestead property, Amendment 1 limits or caps the annual increase in assessed value for non-homestead property (business, industrial property, rental property, second homes, etc.) to ten percent (10%), except for school district taxes. The ten percent (10%) assessment cap on non-homestead property, became effective January 1, 2009. Amendment 1 also provides a \$25,000 exemption for tangible personal property.

The City's final taxable value for commercial and residential property for next year decreased 16,304,435 or 8.99% from 182,288,845 in fiscal year 2011 to \$165,894,410 in fiscal year 2012. The City's ad-valorem tax rate went down slightly to 4.3284 mills for 2012. The City did not use any unassigned fund balance to balance the FY2012 budget.

Management's Discussion and Analysis (MD&A) For the Fiscal Year Ending September 30, 2011

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances and for accountability. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Treasurer, 506 W. Berckman Street, Fruitland Park, Florida 34731.

#### CITY OF FRUITLAND PARK, FLORIDA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED SEPTEMBER 30, 2011

Amounts reports for governmental activities in the Statement of

| Amounts reports for governmental activities in the Statement of Activities (pages 14-15) are different because:   |              |
|---|--------------|
| NET CHANGE IN FUND BALANCES-TOTAL GOVERNMENTAL FUNDS  | \$ (199,792) |
| Governmental funds report capital outlays as expenditures. In the Statement of Activities the costs of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation, \$248,002, exceeded capital outlays \$117,300, in the current period. | (130,702)    |
| The Statement of Activities reports losses arising from the disposition of existing capital assets. Conversely, governmental funds do not report gain or loss from capital asset dispositions.  | (808)        |
| Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.  | 24,065       |
| Repayment of long-term debt is reported as an expenditure in governmental funds, but a reduction of long-term liabilities in the Statement of Net Assets.   | 142,435      |
| Interest accrued on long-term debt reported in the Statement of Activities does not require the use of current financial resources and, therefore, is not reported as expenditures in governmental funds.   | 3,783        |
| Compensated absences reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.  | (19,615)     |
| Changes in the Net Pension Obligation do not require<br>the use of current financial resources and, therefore,<br>are not reported as expenditures in governmental funds.   | 2,769        |
| CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES   | \$ (177,865) |

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Fruitland Park, Florida was created by charter in 1927. The City operates under a Commission-Manager form of government and provides the following services as authorized by its charter: public safety (police, fire and building inspections), roads and streets, culture (library) and recreation, planning and zoning, and water, sewer and garbage utility services. Except for a few customers, utility services are provided only within the incorporated boundaries of the City.

The financial statements of the City of Fruitland Park, Florida conform to generally accepted accounting principles (GAAP) as applicable to governmental entities. Effective October 1, 2003, the City implemented Government Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements-and Management's Discussion and Analysis-for State and Local governments.

Management uses estimates and assumptions in preparing these financial statements in conformity with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported revenues and expenditures or expenses. Actual results could vary from the estimates that were used.

Significant accounting policies are described below:

#### A. Reporting Entity

The City of Fruitland Park is a political subdivision of the State of Florida, governed by an elected board of 5 City commissioners. These financial statements present all the entities for which the City is considered financially accountable. The financial statements include the activities of the Fruitland Park Community Redevelopment Agency, a dependent special district, as a component unit blended into the primary government. A majority of the Redevelopment Agency's board members are City commissioners. Separate financial statements are not issued for the Redevelopment Agency. There are no other legally separate entities that could be included as component units of the City.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental and enterprises funds are reported as separate columns in the fund financial statements.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Unbilled utility service receivables are estimated and recorded at year end.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become both measurable and available. Measurable means the amount of the transaction can be determined, and available means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers revenues available if they are collected within 30 days of year end. Revenues that are susceptible to accrual in the governmental funds include property taxes, sales taxes, franchise fees, municipal utility taxes, and State and County shared revenues. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures are generally recorded when a related liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

The City reports the following governmental funds:

<u>General Fund</u> - The General Fund (a major fund) is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

<u>Community Redevelopment Fund</u> - This special revenue fund (a major fund) accounts for activities within the City's community redevelopment project area.

<u>Capital Projects Fund</u> - This fund is used to account for financial resources segregated for the acquisition or construction of major capital facilities. The fund also accounts for discretionary sales surtax revenues that are legally restricted for expenditure on infrastructure and related debt.

The City reports the following proprietary funds:

 $\underline{\text{Utility Fund}}$  - This enterprise fund (a major fund) is used to account for the activities of the City's water and sewer utility operations.

Recreation Programs Fund - This enterprise fund accounts for the receipt of recreation programs fees and related direct costs associated with each recreation program (except for activities of the City's municipal swimming pool) sponsored by the City.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The City reports the following fiduciary funds:

<u>Firemen's Retirement Trust Fund</u> - This pension trust fund accounts for the accumulation of resources for pension benefit payments to qualified City volunteer firefighters.

ICMA Retirement Trust Fund - This pension trust fund accounts for the accumulation of resources for retirement benefit payments to qualified City employees.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the *option* of following subsequent private -sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. An exception to this rule are charges between the City's water function and various other functions of government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in conjunction with a proprietary fund's principal ongoing operations. Principal operating revenues of the City's Utility Fund and Recreation Programs Fund are charges for providing water and sewer services, and recreation program user fees, respectively. Operating expenses include the cost of sales and service, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### D. Cash and Investments

Cash includes amounts in bank demand deposits as well as funds on deposit with the State Board of Administration Local Government Surplus Funds Trust Fund (Fund A) investment pool bearing interest at 0.24% as of September 30, 2011. The State Board of Administration pool is an external 2a7-like investment pool. The fair value of the City's deposits in the pool is the same as the value of the pool shares. Oversight of the State Board of Administration pool is provided by the Florida Auditor General.

Investments in the State Board of Administration Fund B Surplus Funds Trust Fund are accounted for as a fluctuating net asset value pool. At September 30, 2011, shares in the Fund B pool are stated net of a fair value factor of 0.756839.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Pension trust fund investments are reported at fair value, determined by the last reported sales price for securities traded on a national exchange.

#### E. Inventory

Inventory held in the Utility Fund consists of water and sewer system supplies and is valued at cost (first-in, first-out). Governmental fund-type inventory (office supplies) is valued at cost (first-in, first-out), and recorded as expenditures when consumed rather than when purchased.

#### F. Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets (roads, sidewalks, drainage systems, and similar items) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$500 and an estimated useful life of more than two years.

In the case of the initial capitalization of general infrastructure assets, the City chose to include such items beginning October 1, 2003, the year of implementation of GASB Statement No. 34. The City completed construction if its first infrastructure assets under this policy during 2008. As the City constructs or acquires additional capital assets, including infrastructure assets, they are capitalized and reported at historical cost. Donated capital assets are recorded at their estimated fair value on the date donated.

Interest incurred during construction of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Depreciation is provided using the straight-line method over the estimated useful lives of the various classes of depreciable assets as follows:

| Buildings             | 30 | to | 40 | years |
|-----------------------|----|----|----|-------|
| Improvements other    |    |    |    |       |
| than Buildings        | 10 | to | 20 | years |
| Water & Sewer Systems | 20 | to | 50 | years |
| Equipment             | 5  | to | 10 | years |
| Infrastructure        |    |    | 30 | years |

#### G. Amortization

The cost of the water consumptive use permit (CUP) agreed to in November 2010 with the St. Johns River Water Management District is amortized over its ten year term using the straight line method.

Costs incurred in obtaining the State Revolving Fund (SRF) loans are amortized straight line over the 18-year lives of the loans.

#### H. Compensated Absences

The City accrues accumulated unpaid vacation benefits when incurred in the government-wide and proprietary fund financial statements. Vacation benefits are generally not reported in the governmental fund financial statements, as these liabilities would not normally be liquidated with expendable available financial resources. A liability for vacation benefits is reported in governmental funds only if they have matured, for example, as a result of

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

employee resignations and retirements. Personnel policies allow employees to accumulate a maximum of 20 days vacation leave. Upon termination, employees are paid for their unused vacation leave. Compensated absences for governmental activities are generally liquidated by the General Fund.

#### I. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

#### J. Fund Equity

The following fund balance classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable fund balance – amounts that are not in spendable form, such as prepaid items.

Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors or higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance - amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the City takes the same highest level action to remove or change the restraint.

Assigned fund balance - amounts the City intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

Unassigned fund balance - amounts that are available for any purpose.

The City Commission establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance. Assigned fund balance is established by the City Commission by passage of a resolution.

City management determines on a case by case basis whether restricted funds will be used for an expenditure when there is choice to use restricted or unrestricted fund balance. The City Commission, through establishment of the budget, considers committed amounts to be used for an expenditure when there is a choice to use committed or unassigned fund balance.

#### K. Transfers

Transfers are made from the enterprise funds to the General Fund for administrative costs. Transfers are made from the Community Redevelopment Fund to the General Fund for administrative costs. Transfers are made from the Capital Projects Fund to other funds in order to use infrastructure surtax revenues on qualified "infrastructure" expenditures.

In the year ended December 31, 2011, the City made a one-time transfer of \$105,000 from the Community Redevelopment Fund to the Utility Fund to fund the redevelopment district's proportionate share of the water consumptive use permit.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### L. Comparative data/reclassifications

Comparative individual fund financial statements are presented as supplementary information. Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

#### NOTE 2 BUDGETING

The following procedures are used in establishing budgetary data reflected in the financial statements:

- The budgets for the governmental fund types are adopted on a basis consistent with generally accepted accounting principles. All appropriations lapse at year end.
- 2) Prior to September 30, the City Manager submits a proposed operating budget for the upcoming fiscal year. The budget includes proposed expenditures and the means of financing them.
- 3) Public workshops are held where the Commission, City Manager and department heads refine budget detail items. Public hearings are held to obtain taxpayer comments. The budget is then enacted through passage of a resolution no later than September 30.
- 4) Appropriations are authorized by resolution at the major department level. These are the legal levels of budgetary control. Administrative control is maintained through the establishment of more detailed line-item budgets.
- 5) The City Manager is authorized to transfer budgeted amounts between line items within any department; however, any revisions that alter the total expenditures of a department must be approved by a majority vote of the City Commission.
- 6) Formal budgetary integration is employed as a management control device during the year for governmental funds. Total budgeted appropriations within a governmental fund type may not be exceeded legally.
- 7) Encumbrance accounting is currently employed by the City. Encumbrances outstanding at year end do not constitute expenditures or liabilities and are not reported as committed or assigned fund balances.

#### NOTE 3 CASH AND INVESTMENTS

#### Cash Deposits

At September 30, 2011, the carrying amount of the City's cash deposits, including cash on deposit with the State Board of Administration Fund A pool, was \$1,618,417, and were entirely insured by Federal depository insurance or by a State collateral insurance pool held by the Treasurer, State of Florida, in the Public Deposit Security Trust Fund.

#### NOTE 3 CASH AND INVESTMENTS (continued)

#### Investments

Florida Statutes authorize the City to invest without limitation in bonds, notes, or other obligations of the United States. Additionally, investments of the ICMA Retirement Trust Fund may be held in stocks and bonds issued by a corporation if the corporation meets certain rating and profitability criteria. All of the City's investments are insured, or are securities held by the City or its agent in the City's name. At September 30, 2011 the City's investments at fair value are:

| Certificates of Deposit  |        | \$<br>1,379,405 |
|--------------------------|--------|-----------------|
| State Board Fund B Pool  |        | 67,732          |
| US Government Securities | (GNMA) | 20,800          |
| Mutual Funds             |        | 206,516         |
|                          |        |                 |
|                          |        | \$<br>1,674,453 |

Credit Risk. The City's investment policy limits its investments to the State Board of Administration investment pool, certificates of deposit, highly rated money market funds, government obligations, and mutual funds. The City's mutual bond fund investments are not rated. The State Board of Administration investment pool is not rated by any nationally recognized statistical rating agency.

Interest Rate Risk. Interest rate risk exists when there is a possibility that changes in interest rates could adversely affect an investment's fair value. The Fund B Pool has a weighted average life of 4.82 years. The City's investment policy does not specifically address interest rate risk.

Custodial credit risk - certificates of deposit. Custodial credit risk is the risk that in the event of a bank failure, the City's certificates of deposit may not be returned to it. The City's investment policy limits the investments in certificates of deposit to be made only with state-certified qualified public depositories. As of September 30, 2011 all of the City's certificates of deposit were with BB&T Bank, Citizens First Bank, and CenterState Bank, which are included on the listing of state-certified qualified public depositories.

#### NOTE 4 ACCOUNTS RECEIVABLE

Accounts receivable at September 30, 2011 are as follows:

|                                   | Gen | eral Fund | Uti | lity Fund |
|-----------------------------------|-----|-----------|-----|-----------|

#### NOTE 6 LONG-TERM DEBT

#### Infrastructure Sales Surtax Note

On February 28, 2003, the City issued a \$1,000,000 note payable to SunTrust Bank for the purpose of funding the construction of a new City Hall complex. The note is secured by a pledge of and lien on the City's "infrastructure sales surtax revenue." The note is repayable in annual installments of \$121,676 including interest at 3.73% beginning March 1, 2004. Interest paid during the year ended September 30, 2011 totaled \$12,660. The schedule of remaining debt service payments for the note is as follows:

| Date     | Principal |         | Interest |        | Payment |         |  |
|----------|-----------|---------|----------|--------|---------|---------|--|
| 03/01/12 | \$        | 113,083 | \$       | 8,593  | \$      | 121,676 |  |
| 03/01/13 | -         | 117,300 |          | 4,375  |         | 121,675 |  |
|          | \$        | 230,383 | \$       | 12,968 | \$      | 243,351 |  |

The note may be redeemed prior to its maturity at 100% of the principal balance outstanding, plus accrued interest, plus a redemption premium based upon a formula using the "yield-to-maturity" interest rate of U.S. Treasury Notes or Bonds as reported in the Wall Street Journal.

#### State Revolving Fund Loans

On September 17, 2001, the City entered into a loan agreement with the State of Florida Department of Environmental Protection under the Clean Water State Revolving Fund (SRF) loan program. The purpose of the loan was to provide funding for preconstruction planning and engineering activities for a sewer utility system for the City's highway commercial corridor. The gross revenues of the City's water system, net of operating expenses except depreciation, are pledged for repayment of the loan. Maximum borrowing under this agreement was \$237,108. All preconstruction activities have been completed, and all loan disbursements have been received.

Interest accrues on the outstanding balance at a rate of 3.16% per year. For the year ended September 30, 2011, interest totaling \$6,206 was paid on the loan.

Semi-annual loan payments of \$8,165 are due each February 15 and August 15 through February 15, 2026. At September 30, 2011, the repayment schedule is as follows:

| <u>Date</u> | Pr | <u>incipal</u> |   | Interest |        | Payment |         |  |
|-------------|----|----------------|---|----------|--------|---------|---------|--|
| 2/15/12     | \$ | 5,182          |   | \$       | 2,983  | \$      | 8,165   |  |

#### NOTE 6 LONG-TERM DEBT (continued)

On March 29, 2005, the City entered into a second loan agreement with the State of Florida Department of Environmental Protection under the Clean Water SRF loan program. The purpose of the loan was to provide funding for construction of a sewer utility system, consisting of a 98,000 gallons per day wastewater treatment plant and a low-pressure sewer collection system along the City's highway commercial corridor. The gross revenues of the City's water and sewer systems, including related connection fees, net of operating expenses except depreciation and amortization, are pledged for repayment of the loan. Maximum borrowing under this agreement is \$2,393,745. All loan disbursements have been received. The total amount borrowed was \$1,937,529.

Interest accrues on the outstanding balance at a rate of 2.52% per year. No interest was capitalized during the year. For the year ended September 30, 2011, interest totaling \$38,516 was paid on the loan.

Semi-annual loan payments of \$76,589 began on August 15, 2006. Beginning February 15, 2010, the semi-annual loan payments were reduced to \$60,669, and continue each February 15 and August 15 thereafter through February 15, 2026. The current repayment schedule is as follows:

| <u>Date</u> | Pr   | Principal |    | Interest |    | Payment   |  |  |
|-------------|------|-----------|----|----------|----|-----------|--|--|
| 2/15/2012   | \$   | 42,196    | \$ | 18,473   | \$ | 60,669    |  |  |
| 8/15/2012   |      | 42,727    |    | 17,942   |    | 60,669    |  |  |

| 2/15/2016   |      | 46,642    |    | 14,028   |    | 60,670    |  |  |
| 8/15/2016   |      | 47,229    |    | 13,440   |    | 60,669    |  |  |
| Thereafter  |      | 1,019,444 | -  | 133,271  |    | 1,152,715 |  |  |
|             | \$ : | 1,466,149 | \$ | 293,258  | \$ | 1,759,407 |  |  |

Covenants of the SRF loans require creation of separate accounts. A "loan debt service account" accumulates the upcoming semi-annual payment. The City has fully funded this account for both loans, totaling \$68,834 at September 30, 2011.

#### Capital Leases

On October 26, 2005, the City recorded the purchase of a 2004 Pierce fire truck under a lease agreement. The lease agreement qualifies as a capital lease for accounting purposes and, therefore, has been recorded at the present value of the future minimum lease payments of \$192,641.

On October 8, 2007, the City purchased 7 Eagle eye digital in-car video systems for the police department under a lease agreement. The agreement qualifies as a capital lease for accounting purposes, and therefore, has been recorded at the present value of the future minimum lease payments of \$21,170.

#### NOTE 6 LONG-TERM DEBT (continued)

The future minimum lease obligations and the net present value of these minimum lease payments as of September 30, 2011 were as follows:

| Year Ending                             | Fire<br><u>Truck</u> | Video<br><u>Systems</u> |
|---|----------------------|-------------------------|
| September 30, 2012                      | \$ 31,606            | \$ 4,910                |
| Less amount representing interest       | (1,221)              | (364)                   |
| Present value of minimum lease payments | \$ 30,385            | \$ 4,546                |

#### NOTE 7 LEASE COMMITMENTS

The City leases police cars under noncancelable operating leases. Total costs for such leases were \$48,563 for the year ended September 30, 2011. The future minimum lease payments for operating leases are as follows:

| Year Ending        | Amount    |
|--------------------|-----------|
| September 30, 2012 | \$ 37,094 |
| September 30, 2013 | 14,378    |
| Total              | \$ 51,472 |

#### NOTE 8 FUND BALANCES

The following details the various constraints placed on fund balances in the governmental funds:

#### General Fund

| Nonspendable for Prepaid Items  | \$ 25,435                      |
|---|--------------------------------|
| Restricted for Police Education<br>Restricted for Police Equipment and Automation<br>Restricted for Safety Capital Improvements | \$ 42,533<br>63,056<br>261,041 |
|   | \$ 366,630                     |
| Committed to Cemetery Care Committed to Stormwater Utility  | \$ 120,692<br>81,447           |
|   | \$ 202,139                     |
| Unassigned  | \$ 851,850                     |
| Community Redevelopment Fund  |                                |
| Restricted for Redevelopment Projects   | \$ 311,594                     |
| Capital Projects Fund   |                                |
| Restricted for Infrastructure   | \$ 367,075                     |

Fund balances reserved for infrastructure represent unspent discretionary sales surtax amounts that are required by Florida Statute to be spent on *infrastructure*. Infrastructure is defined as public facilities with a useful life of at least five years, as well as certain emergency vehicles. The statute permits these funds to be spent on debt related to the construction or acquisition of infrastructure.

#### NOTE 9 RETIREMENT COMMITMENTS

#### A. The Municipal Firemen's Retirement Plan

The Municipal Firemen's Retirement Plan was established to conform to provisions of the Florida Statutes for all sworn firefighters. The Plan is a single-employers, defined benefit pension plan, and is administered by the City. There is no separately issued report on the Plan.

Firefighters attaining the age of 55 who have completed 10 or more creditable years of service or attaining the age of 52 who have completed 25 years of creditable service are entitled to annual benefits of 3.0 percent of their average final compensation times years of credited service. The Plan permits early retirement at the completion of 10 years of continuous service and attaining the age of 50 years. Active firefighters who retire disabled receive not less than 42 percent of their average monthly earnings at the time of disability.

#### NOTE 9 RETIREMENT COMMITMENTS (continued)

Disability benefits are paid for ten years certain or life or recovery from disability. If a firefighter dies prior to retirement but has at least 10 years of contributing service, his or her beneficiary is entitled to the benefits payable to the firefighter at early or normal retirement age.

As of September 30, 2011, there were no retirees currently receiving benefits, and 4 terminated firefighters were entitled to benefits but not yet receiving them. Out of the 25 active volunteer firefighters, 4 have vested retirement benefits. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Effective January 1, 1995, each firefighter is required by local ordinance to contribute five percent of his/her compensation to the Plan. The City also contributes five percent of each plan member's compensation to the Plan. Additionally, the Plan is funded by a 1% State excise tax on all fire insurance premiums collected from policyholders insuring property within the City limits. For the year ended September 30, 2011, the City collected \$22,109 in fire insurance premium taxes, which are reported as tax revenue in the General Fund. The City is required by State statute to contribute these taxes to the plan within 5 days of receipt. The corresponding contribution to the pension fund is reported as a fire department expenditure in the General Fund.

The total required contribution to the Plan for the year ended September 30, 2011 was zero. Employee and city contributions for the year ended September 30, 2011 were each \$1,638.

The City's contribution requirements are not actuarially determined, and the actuarial implication of the City's funding policy has also not been determined. There were no changes during the year ended September 30, 2011 in the method used to calculate or establish contribution requirements. Most administrative costs of the Plan are absorbed by the General Fund.

Actuarial valuations for the Plan are provided by the State of Florida Division of Retirement on a triennial basis. Information as of the latest (10/1/10) actuarial valuation follows:

Funded status of the plan:

| Actuarial accrued liability          |      | \$ 139,529 |
|--------------------------------------|------|------------|
| Actuarial value of plan assets       | _    | 366,544    |
| Unfunded actuarial accrued liability |      | (227,015)  |
| Funded ratio                         | 262% |            |
| Covered payroll                      |      | 35,926     |
| UAAL as a percent of covered payroll | 632% |            |

The Plan uses the "aggregate actuarial cost method" for determining the actuarial value of assets. This method does not identify or separately amortize unfunded actuarial liabilities. Therefore, information about funded status and funding progress is presented using the "entry age actuarial cost method", which is intended to serve as a surrogate for the funded status and funding progress of the Plan.

Development of Net Pension Obligation (NPO):

This municipal defined benefit plan has been subject to the minimum funding standards since the adoption of the "Florida Protection of Public Employee Retirement Benefits Act" (Part VII of Chapter 112, Florida Statutes) in 1980. Accordingly, the city has funded the actuarially determined required contributions for all years from October 1, 1987 through the transition date; October 1, 1997 is zero.

The development of the NPO through September 30, 2010 (which is the latest actuarial information available) is as follows:

|   | 9  | 9/30/08      |    | 9/30/09      |    | 9/30/10      |
|---|--|--------------|----|--------------|----|--------------|
| Actuarially determined contribution               | \$   | _            | \$ | _            | \$ | _            |
| Interest on NPO                                   |  | (312)        |    | (358)        |    | (414)        |
| Adjustment to actuarially determined contribution |  | 595          |    | 682          |    | 791          |
| Annual Pension Cost<br>Contributions made         | No. Open State of the Local Control of the Local Co | 283<br>1,425 |    | 324<br>1,747 |    | 377<br>1,723 |
| Increase in NPO                                   |  | (1,142)      |    | (1,423)      |    | (1,346)      |
| NPO, beginning of year                            |  | (7,796)      |    | (8,938)      |    | (10,361)     |
| NPO, end of year                                  | \$   | (8,938)      | \$ | (10,361)     | \$ | (11,707)     |

Although the NPO calculation for September 30, 2011 is not available, management believes it will not be materially different from the September 30, 2010 balance.

#### NOTE 9 RETIREMENT COMMITMENTS (continued)

#### B. ICMA 401-a Retirement Plan

Effective January 1, 1997, the City established, by resolution, a money purchase plan and trust called "the City of Fruitland Park 401-a Plan" in the form of the ICMA Retirement Corporation Prototype Money Purchase Plan and Trust. The plan is a defined contribution pension plan administered by the ICMA Retirement Corporation. The City Commission must authorize plan amendments to benefit provisions or the obligation to make contributions.

All full-time employees at least 18 years of age are eligible to participate in this pension plan once they have completed a 90-day period of service. An employee does not become vested in any pension benefits until the completion of five years of service, at which time the employee becomes 100% vested. At September 30, 2011 there were 24 members in the plan, 9 of which had vested benefits.

Contributions into the plan are made only by the City. The City will contribute a minimum of 2% of a participant's earnings, not including overtime or bonuses, into the plan. The City will contribute up to 5% into the plan, depending upon (and matching) a participant's contribution into the City's ICMA 457 deferred compensation plan. During the year ended September 30, 2011, the City contributed \$29,746 into the plan.

Participant's separating from service with the City before the five year vesting period of service is complete forfeit their entire account balance in the plan. The City may use forfeited amounts to reduce the City's required payment of contributions for current plan participants. During the year ended September 30, 2011, the City used \$5,239 in forfeited amounts for payment of contributions for current plan participants. Distributions of the account balances of vested participants that separate from service are subject to the Internal Revenue Code rules for distributions from qualified plans.

#### NOTE 10 ICMA 457 DEFERRED COMPENSATION PLAN

Effective May 18, 1990, the City participates in and offers to its employees a multiple-employer retirement system which is administered by the ICMA Retirement Corporation. This deferred compensation plan was created in accordance with Internal Revenue Code Section 457. The plan permits the City's employees to defer a portion of their salary until future years.

All of the City's employees are eligible to participate in the ICMA deferred compensation plan after completion of a three month probationary period upon their first date of employment. Participation is strictly on a voluntary basis. Participants become immediately 100% vested in contributions credited to their account. At September 30, 2011 there were 23 participants in the plan.

The City does not make any contributions to this plan for participants who entered the plan after January 1, 1997. For those employees participating in the plan on January 1, 1997, The City contributes a minimum of 2% and will match up to 5% of a participant's contribution into the plan.

Participants have a choice of designating among various investment types for their contributions. Investments are managed by the ICMA Retirement Corporation. Contributions are made through voluntary payroll deductions. Upon retirement or termination of employment with the City, participants must decide within sixty days of that date as to the disposition of their account balance as follows:

- 1) Take a lump-sum distribution
- 2) Leave their funds in the plan until mandatory retirement age
- 3) Select a series of payments

On January 1, 1997, the plan document was amended to conform to Internal Revenue Code changes pertaining to Section 457 deferred compensation plans contained in the 1996 Small Business Tax/Minimum Wage Bill (H.R. 3448). Prior to these changes, assets held in the plan were solely the property of the City (until paid or made available to the employee or other beneficiary), and were subject to the claims of the City's general creditors. Accordingly, the City previously reported the plan in an agency fund. The plan amendment established a trust to hold the assets of the plan for the exclusive benefit of plan participants and their beneficiaries. Plan assets at September 30, 2011, which totaled \$802,945, are therefore no longer subject to the claims of the City's general creditors. Since the City does not have fiduciary accountability for the Section 457 plan, the fund is not reported in the City's financial statements.

#### NOTE 11 INSURANCE COVERAGE

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The City manages its various risks of loss by the purchase of commercial insurance coverages primarily through Preferred Government Insurance. During the year ended September 30, 2011 there were no significant reductions in coverages from the prior year.

Insurance claim settlements have not exceeded coverages on any policies during the past three fiscal years.

#### NOTE 12 BUDGETARY BASIS OF ACCOUNTING

The City Commission adopts budget resolutions for all governmental and proprietary funds. The budget for the Utility Fund was adopted on an accounting basis other than in accordance with generally accepted accounting principles. Adjustments necessary to convert the results of operations for the year ended September 30, 2011 from the GAAP basis to the budget basis are as follows:

| Change in net assets, GAAP Basis             | \$<br>(5,278)  |
|--|----------------|
| Decrease due to change in fair               |                |
| value of assets                              | (11,248)       |
| Decrease due to debt principal payments      | (92,947)       |
| Decrease due to accrued interest             | (303)          |
| Increase due to depreciation expense         | 210,307        |
| Increase due to debt issuance costs          | 2,371          |
| Decrease due to consumptive use permit costs | (169,312)      |
| Decrease due to equipment purchases          | (18,039)       |
| Decrease due to utility system construction  | <br>(2,971)    |
| Deficiency of Revenues under Expenses,       |                |
| Budget Basis                                 | \$<br>(87,420) |

The Utility Fund had excess of actual expenses over budgetary appropriations in the amount of \$133,516 for the year ended September 30, 2011. This was caused by the extraordinary cost incurred for the City to obtain the groundwater consumptive use permit from the St. Johns River Water Management District. The City Commission accepted the permit, contingent upon certain technical changes to be made by the Water Management District, on September 22, 2011. The actual final permit was received on February 23, 2012.

#### NOTE 13 PROPERTY TAXES

Under Florida law, the assessment of all properties and the collection of all county, municipal, and school board property taxes are consolidated in the offices of the Lake County Property Appraiser and Lake County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method state wide. State statutes permit municipalities to levy property taxes at a rate of up to 10 mills. The millage rate assessed by the City for taxes collected during the fiscal year ended September 30, 2011 was 4.360. The millage rate assessed by the City on taxable property to be levied on November 1, 2011 was 4.3284.

All property is assessed according to its fair market value on January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State statutes.

The current year taxes for the fiscal year, beginning October 1, are billed in the month of November and are due no later than March 31. On April 1, all unpaid amounts become delinquent and are subject to interest and penalties. Discounts are allowed for early payment as follows:

| November | 4% | January  | 2% |
|----------|----|----------|----|
| December | 3% | February | 1% |

#### NOTE 13 PROPERTY TAXES (continued)

Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1 of the following tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property, or by the five year statute of limitations.

The City's tax calendar is as follows:

Valuation Date: January 1 Levy Date: November 1

Due Date: March 31, Succeeding Year Lien Date: April 1, Succeeding Year

#### NOTE 14 OTHER POSTEMPLOYMENT BENEFITS

The City does not provide its employees any postemployment benefits other than pensions. Florida Statutes require local governments which provide group insurance to its employees the option of continuing to participate in the group plan following retirement. The City does not contribute to the premium cost for retired employees, so the entire cost must be paid by the retiree. At September 30, 2011, the City had no retirees continuing to participate in its group insurance plan and has never had a retiree request to continue on the group plan. Management does not anticipate a significant number of future retirees to request continued coverage. Therefore, no material other postemployment benefits liability is recognized or recorded.

#### NOTE 15 COMMITMENTS AND CONTINGENCIES

#### Construction Commitments

On August 25, 2011, the City entered into a \$743,952 contract with Ciraco Underground Inc. for construction of residential sewer lines and hookups, a lift station, and fire hydrant water mains, in conjunction with the CDBG grant project. At September 30, 2011, Ciraco had not billed the City for any work performed.

#### FDOT Loan Contingency

On May 2, 2011, the City signed a promissory note with the Florida Department of Transportation in the amount of \$913,496 for the cost of relocating the City's underground utility lines (water and sewer) located in the Highway 27/441 right-of-way. Terms of the note are 30 annual payments of \$30,450 commencing on October 15, 2013. The note amount was an estimate, and the parties agreed to execute a new promissory note for the actual costs when the utility relocation is completed. City management believes the actual cost will be under \$700,000.

|           |            |                      |              |        |           |              |
| 10/1/2010 | \$ 366,544 | \$ 139,529           | \$ (227,015) | 263%   | \$ 35,926 | -632%        |
| 10/1/2007 | 277,943    | 107,341              | (170,602)    | 259%   | 27,321    | -624%        |

The plan used the "aggregate actuarial cost method" for determining the actuarial value of assets. This method does not identify or separately amortize unfunded actuarial liabilities. Beginning with the 10/01/07 actuarial valuation report, GASB Statement 50 requires that plans using the aggregate actuarial cost method disclose the funded ratio the plan would have if it were utilizing the entry age normal cost method.

#### ENTERPRISE FUNDS

Utility Fund - To account for the provision of water and sewer utility services to the residents of the City and some residents of the County. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing and collection.

Recreation Programs Fund - To account for the receipt of recreation program fees for activities sponsored by the City's Recreation Department, and the direct costs associated with each program. Administrative costs of maintaining the various recreation facilities are accounted for in the General Fund.

### UTILITY FUND SCHEDULE OF BUDGETARY COMPLIANCE

The City Commission adopted budget resolutions for all governmental and proprietary funds. The budget for the Utility Fund is adopted on an accounting basis other than in accordance with generally accepted accounting principles (GAAP). The following schedule is presented to report legal compliance with the City's budget resolutions.

## SCHEDULE OF REVENUES AND EXPENSES - BUDGET AND ACTUAL (BASIS OTHER THAN GAAP) FOR THE YEAR ENDED SEPTEMBER 30, 2011

| REVENUES:                             |    | FINAL<br>BUDGET |    | ACTUAL    | WIT | ARIANCE<br>TH FINAL<br>BUDGET |

### STATISTICAL SECTION

#### STATISTICAL SECTION

Page

This section of the City of Fruitland Park's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Contents

|  | 1430    |
|--|---------|
| Financial Trends   |         |
| These schedules contain trend information to help the reader understand    |         |
| how the City financial performance and well-being changed over time.       | 84-94   |
| Revenue Capacity   |         |
| These schedules contain information to help the reader assess the City's   |         |
| most significant revenue source, the property tax.                         | 95-98   |
| Debt Capacity  |         |
| These schedules present information to help the reader assess the          |         |
| affordability of the City's current levels of outstanding debt and ability |         |
| to issue additional debt in the future.                                    | 99-102  |
| Demographic and Economic Information                                       |         |
| These schedules offer demographic and economic indicators to help the      |         |
| reader understand the environment within which the City's financial        |         |
| activities take place.   | 103-105 |
| Operating Information  |         |
| These schedules contain service and infrastructure data to help the        |         |
| reader understand how the information in the City's financial report       |         |
| relates to the services the City provides and the activities it performs.  | 106-108 |
|  |         |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

The City implemented GASB Statement 34 in fiscal year 2004; schedules presenting government-wide information include information beginning in that year.

The City implemented GASB Statement 44 in fiscal year 2006; schedules presenting demographic, operating, and capital asset statistics include information beginning in that year.

Source-Lake County Property Appraiser's Office

The property appraiser is required to physically inspect the property at least once every 5 years. Homesteaded property is reassessed annually on January 1. Any change resulting from such reassessment shall not exceed the lower of 3% of the prior year's assessed value or the percentage change in percentage change in the Consumer Price Index for All Urban Consumers, U.S. City Average, all items 1967=100, or sucessor reports for the preceding calendar year as initially reported by the United States Department of Labor, Bureau of Labor Statistics.

The estimated just value is adjusted down to the taxable value due to governmental exemptions, widows/widowers exemption, disability/blind exemption, institutional exemption for charitable, religious, scientific, literary and educational, \$25,000 homestead exemption, additional \$25,000 homestead expemption age 65 and older and the homestead assessment differential (just value minus capped value).

Source - Lake County Property Appraiser

Florida Statutes permit municipalities to levy property taxes up to 10 mills. The City's direct rate does not have any separate components.

Overlapping rates are those of county and local governments that apply to property owners within the City of Fruitland Park.

<sup>1</sup> Utility operating expenses exclusive of depreciation but including transfers to the General Fund for administrative expenses.

Note: On February 28, 2003, the City paid off the entire outstanding principal balance of \$129,266 on the water revenue bond, and was not subject to any pledged-revenue coverage covenants for the years 2003, 2004 and 2005. Beginning in fiscal year 2006, covenants on the State Revolving Fund loans require a coverage ratio of 1.15 to 1.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

February 23, 2012

Honorable Mayor and Members of the City Commission City of Fruitland Park, Florida

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Fruitland Park, Florida, as of and for the year ended September 30, 2011, which collectively comprise the City of Fruitland Park, Florida's basic financial statements and have issued our report thereon dated February 23, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Fruitland Park, Florida's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Fruitland Park's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the City's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood

City of Fruitland Park February 23, 2012 Page 2

that a misstatement of the City's financial statements that is more than inconsequential will not be prevented or detected by the City's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the City's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Fruitland Park, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the City Commission, management, and Federal and State of Florida awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### INDEPENDENT AUDITOR'S REPORT ON EXAMINATION OF MANAGEMENT'S ASSERTION ABOUT COMPLIANCE WITH SPECIFIED REQUIREMENTS

February 23, 2012

Honorable Mayor and Members of the City Commission City of Fruitland Park, Florida

We have examined management's assertion included in its representation letter dated February 23, 2012, that the City of Fruitland Park, Florida complied with the allowable cost requirements of the grants and aids appropriations identified in the Schedule of Expenditures of Federal Awards and State Financial Assistance for the year ended September 30, 2011. Management is responsible for the City of Fruitland Park, Florida's compliance with those requirements. Our responsibility is to express an opinion on management's assertion about the City's compliance based on our examination.

Our examination was made in accordance with standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, management's assertion that the City of Fruitland Park, Florida complied with the allowable cost requirements of the grants and aids appropriations identified in the Schedule of Expenditures of Federal Awards and State Financial Assistance during the year ended September 30, 2011 is fairly stated, in all material respects.

This report is intended solely for the information and use of management, the City Commission, and applicable State of Florida agencies and is not intended and should not be used by anyone other than these specified parties.

#### MANAGEMENT LETTER

February 23, 2012

Honorable Mayor and Members of the City Commission City of Fruitland Park, Florida

We have audited the basic financial statements of the City of Fruitland Park, Florida as of and for the year ended September 30, 2011, and have issued our report thereon dated February 23, 2012.

The following comments and recommendations are provided as required by Chapter 10.550, Section 10.554(1)(i) Rules of the Auditor General for the State of Florida.

- 1. There were no significant findings or recommendations made in the preceding annual financial audit.
- 2. The City is in compliance with Section 218.415 Florida Statutes regarding the investment of public funds.
- We have made no recommendations to improve the City's present financial 3. management, accounting procedures, and internal controls.
- 4. We did not discover any violations of contracts and grant agreements or abuse that have an effect on the financial statements that is less than material but more than inconsequential.
- 5. For matters that have an inconsequential effect on the financial statements, considering both quantitative and qualitative factors and based on professional judgment:
  - We have not reported any violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse that have occurred, or are likely to have occurred.

- b. We have not reported any control deficiencies that are not significant deficiencies, including but not limited to:
  - 1. Improper or inadequate accounting procedures.
  - 2. Failures to properly record financial transactions.
  - 3. Inaccuracies, shortages or defalcations. Also, we did not either discover any instances of fraud, or have any instances of fraud come to our attention.
- 6. The name of the primary government is the City of Fruitland Park, Florida, created by charter under the legal authority of Chapter 12755, Laws of Florida, Session 1927. The reporting entity includes the activities of the Fruitland Park Community Redevelopment Agency, a dependent special district, as a blended component unit.
- 7a. The City has not met any of the financial emergency conditions described in Section 218.503(1), *Florida Statutes*.
- 7b. The financial report filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), *Florida Statutes* is in agreement with the annual financial audit report for the year ended September 30, 2011.
- 7c. Financial condition assessment procedures pursuant to Rule 10.556(7) were applied during the audit of the basic financial statements. The City is not, and during the fiscal year, was not experiencing deteriorating financial conditions which may cause a financial emergency described in Section 218.503(1), *Florida Statutes*. Accordingly, we have made no recommendations addressing deteriorating financial conditions in accordance with Rule 10.557(4)(d).

This report is intended solely for the use of management, the City Commission, and the State of Florida Auditor General and is not intended and should not be used by anyone other than these specified parties.
